Thank you for your email on 9 September 2024 requesting under the Local Government Official Information and Meetings Act 1987 (LGOIMA), information relating to drinking water quality data. Please see outlined below a response to each part of your request.

Can you please complete for the six rows in the table below the Supply Component ID, and any notes, if any, you think are important we know about it.

- **For current sample sites, the current Taumata Arowai Supply Component ID is sufficient (even if it has changed over time).**
- **For inactive sample sites (e.g. decommissioned bores), the ID relevant at the time is sufficient.**
- **If a row is for a Source or Plant and you are unable to identify the historic Supply Component ID, then could you please record the current Zone that the Source or Plant would have supplied.**
 - **Add a note so we are aware it is not the sample site.**

Our request for you to complete		Information from the files provided by the council
