#### 1 Apologies

#### 2 Public Speaking Rights

Notification to speak is required by 12 noon on the day of the meeting. Further information is available on <u>www.horowhenua.govt.nz</u> or by phoning 06 366 0999.

#### 3 Late Items

To consider, and if thought fit, to pass a resolution to permit the Council to consider any further items which do not appear on the Agenda of this meeting and/or the meeting to be held with the public excluded.

Such resolution is required to be made pursuant to Section 46A(7) of the Local Government Official Information and Meetings Act 1987, and the Chairperson must advise:

- (i) The reason why the item was not on the Agenda, and
- (ii) The reason why the discussion of this item cannot be delayed until a subsequent meeting.

#### 4 Declaration of Interest

Members are reminded of their obligation to declare any conflicts of interest they might have in respect of the items on this Agenda.

#### 5 Confirmation of Open & In Committee Minutes – 3 February 2016

- 6 Matters Arising
- 7 Leave of Absence
- 8 Announcements

Construction Contract for Te Awahou Nieuwe Stroom Project

This report (15/776, page 47) will be taken first on the Agenda.

#### Staff Introductions

New Staff Members will introduce themselves and give an overview of their role at Council.

#### Property and Parks Presentation

Following the LIM presentation at the last Council meeting showcasing the improvements that have been made in that service to Council's customers, Property and Parks will present on the savings that are being made with property contracts and the added value that is providing to the community.

#### Foxton Community Board Update

Chair, Janine Smart, will provide an update from the Foxton Community Board.

#### 9 Notices of Motion

#### 9.1 Reinstatement of Council Building Access - Crs Campbell and Feyen

In accordance with Standing Order 3.10, please place the following Notice of Motion on the agenda for the Council meeting being held on Wednesday 2 March 2016.

#### 1. Recommendation

- 1.1 That Report 16/87 Reinstatement of Council Building Access Crs Campbell and Feyen be received.
- 2.2 That Council instructs the Chief Executive to reinstate access to the Council building for Councillors Feyen and Campbell.

## 2. Background

#### Supporting Information from Crs Campbell and Feyen for the Notice of Motion

- 1. As a result of both Crs Campbell and Feyen investigating what they believe to be structural issues (now confirmed by the Opus report) with the HDC building, their access codes to the building were cancelled by the Chief Executive.
- 2. As Councillors they took the time to film, laser measure and generally look around for cracks, etc, in the basement of the building as they had (and still do have) concerns for the health and safety of everyone who enters the building due to the observations they made during that time.
- 3. At no time, until after the fact, were they advised or warned that their access would be cancelled.
- 4. The issue relating to the concerns they have in relation to the health and safety are valid and are still being looked into by various authorities and their conclusions are awaited.
- 5. Cr Feyen at no time has entered the basement of the building with anyone aside from Cr Campbell.
- 6. Cr Campbell visited the basement with Corny Andrews once. They were also concerned that unauthorized people have been allowed into the basement but they, as elected representatives, have been denied access although on legitimate business.
- 7. On occasion Councillors leave the Council meetings or briefings for reasons such as important phone calls, etc, and exit the building for a short period. Cr Campbell had to do just that during an early evening meeting and could not get back inside the building. He waited for some time before two Council staff who were leaving the building let him in. Even then the staff were reticent to allow him access as they said that they did not know who Cr Campbell was.

### **Confirmation of statutory compliance**

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

## 5<sup>th</sup> January, 2016

I, Councillor Michael Feyen wish to submit this Notice of Motion to be put on the agenda for the Horowhenua District Council meeting on 3<sup>rd</sup> February, 2016. The seconder for this motion is Councillor Ross Campbell.

#### MOTION

We (Councillors Campbell and Feyen) request the immediate reinstatement of our Councillor access codes to the Horowhenua District Council building.

#### Mover

Michael Feyen

Kere Kere Ward Councillor Horowhenua District Council

#### Seconder

**Ross Campbell** 

Miranui Ward Councillor Horowhenua District Council

R.H. Campbel

## 2.2 Breach of Council's Code of Conduct

#### 1. Purpose

In accordance with Standing Order 3.10, to bring to Council a Code of Conduct Complaint.

#### 2. Executive Review

Cr Mason has brought a Code of Conduct complaint against Cr Campbell as she contends he breached Council's Code of Conduct by his actions in appearing on a television news report and publically agreeing in his role as a councillor that the Horowhenua District Council is corrupt, Cr Mason gives notice that she intends to move the following motion at the Horowhenua District Council Meeting to be held on Wednesday 2 March 2016:

"That the Chief Executive be instructed to prepare a report to Council on the process to be followed to address the allegation that Cr Campbell breached Council's Code of Conduct by his actions on 16 February 2016."

#### 3. Recommendation

- 3.1 That Report 16/93 Breach of Council's Code of Conduct be received.
- 3.2 That the Chief Executive be instructed to prepare a report to Council on the process to be followed to address the allegation that Cr Campbell breached Council's Code of Conduct by his actions on 16 February 2016.

#### 4 Background

Cr Mason refers Councillors and the Mayor to the Code of Conduct (amended February 2015) and outlines the breaches that she believes occurred as a result of Cr Campbell's behaviour and comments as follows:

#### **"CODE OF CONDUCT**

Part One: Introduction

The objective of the code is to enhance:

- the credibility and accountability of the Council within its community:
- **Respect for others.** Members should promote equality by not discriminating unlawfully against any person and by treating people with respect, regardless of their race, age, religion, gender, sexual orientation, or disability. They should respect the impartiality and integrity of the Council staff.

#### Part Three: Relationships and Behaviours

#### **Relationships with other Members**

- Are open and honest;
- Avoid aggressive, offensive or abusive conduct;
- Show respect to each other.

#### Contact with the Media

• Media comments must observe the other requirements of the code of conduct, e.g. not disclose confidential information, or compromise the impartiality or integrity of staff.

#### Confirmation of statutory compliance

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

22 February 2016

Mr David Clapperton Chief Executive Horowhenua District Council Private Bag 4002 Levin 5540

Dear David

#### Notice of Motion

I hereby give notice that I intend to move the following motion at the Horowhenua District Council Meeting of Wednesday 2 March 2016:

"That Cr Ross Campbell breached the Code of Conduct (The Mayor and District Councillors Horowhenua District Council) by his actions of appearing on a television news report and publically agreeing in his role as councillor that the Horowhenua District Council is corrupt." And further

'That the CEO be instructed to report to the council on the process to be followed if the first motion is carried by the council "

Cr Bishop is the seconder to the motion.

I refer Councillors and the Mayor to the Code of Conduct (amended February 2015) and outline the breaches that I believe have occurred as a result of Cr Campbell's behaviour and comments.

#### **<u>"CODE OF CONDUCT</u>**

Part One: Introduction

The objective of the code is to enhance:

- the credibility and accountability of the Council within its community:
- **Respect for others.** Members should promote equality by not discriminating unlawfully against any person and by treating people with respect, regardless of their race, age, religion, gender, sexual orientation, or disability. They should respect the impartiality and integrity of the Council staff.

#### Part Three: Relationships and Behaviours Relationships with other Members

- Are open and honest;
- Avoid aggressive, offensive or abusive conduct;
- Show respect to each other.

#### Contact with the Media

• Media comments must observe the other requirements of the code of conduct, e.g. not disclose confidential information, or compromise the impartiality or integrity of staff.

#### Background

Cr Campbell appeared in a TV3Newshub 6pm news segment on Tuesday 16 February 2016. During this news segment Cr Campbell spoke of the Council / HDC as corrupt. Cr Campbell identified himself as a councillor and thereby had his comments recorded as those that were representative of council. By implication his comments inferred that all of Council behave corruptly in their roles as elected members and staff, including myself. His actions bought the role of Council into disrepute and I find it deeply offensive to have been publically declared corrupt. Cr Campbell behaved in a manner that was not respectful to all councillors and affected the credibility of all of Council.

Fellow councillors may or may not agree with my position as is their democratic right. I do believe though that as a democratically elected council each member has an obligation to declare their position on this matter publically to restore faith in our wider community as to the integrity of elected members.

The second notice of motion asks the CEO to advise the Council of the process Part Four Compliance and Review (pg 12 and 13) should the first motion be carried by the Council.

Yours sincerely

Cr Jo Mason

# Proceedings of the Foxton Community Board 15 February 2016

File No.: 16/68

## 1. Purpose

To present to the Council the minutes of the Foxton Community Board meeting held on 15 February 2016.

## 2. Recommendation

- 2.1 That Report 16/68 Proceedings of the Foxton Community Board 15 February 2016 be received.
- 2.2 That the Council receive the minutes of the Foxton Community Board meeting held on 15 February 2016.
- 2.3 That no further action be taken by Council on the Foxton Community Board's recommendation that all primary schools in the district be given one morning a week free of charge for children to be taught how to swim.
- 2.4 That funds allocated for the extension of the Foxton Cemetery be reallocated and used to install a new toilet/ablution facility at the Foxton Cemetery in the 2016/17 financial year.

## 3. Issues for Consideration

The following items considered by the Foxton Community Board meeting held on 15 February 2016 require further consideration, with Officer Recommendations provided:.

(a) THAT the Foxton Community Board recommends to the Horowhenua District Council that all primary schools in the district be given one morning a week free of charge for children to be taught how to swim.

This recommendation poses issues given Council's Fees and Charges structure, Revenue and Financing Policy and some other logistical implications. Because of the impact on policy and operations, Council Officers suggest this recommendation not be pursued.

(b) THAT the Foxton Community Board recommends to Council that the funds allocated for the extension of the Foxton Cemetery be reallocated and used to install a new toilet/ablution facility at the Foxton Cemetery in the 2016/2017 financial year

AND FURTHER

THAT any funds remaining be deferred until such time that an extension of the Foxton Cemetery is required.

Officers note that remaining funds are carried forward as a matter of course.

## Attachments

There are no attachments for this report.

#### Confirmation of statutory compliance

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,

b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

# Foxton Community Board OPEN MINUTES

Minutes of a meeting of the Foxton Community Board held in the Manawatu College Library, Ladys Mile, Foxton on Monday 15 February 2016 at 6.30 pm.

#### PRESENT

Chairperson Ms J Smart Members Ms P R Metcalf Mrs A Street Mr B P Vertongen

#### **IN ATTENDANCE**

| Mrs M Davidson  | (Group Manager – Customer & Community Services) |
|-----------------|---|
| Mrs D Kidd      | (Community Services Manager)                    |
| Mr A Nelson     | (Property & Parks Manager)                      |
| Mrs K J Corkill | (Meeting Secretary)                             |

### ALSO IN ATTENDANCE

Cr M Feyen Mr D McCorkindale (Senior Manager – Strategic Planning) Miss A Wood (Urban Designer)

## PUBLIC IN ATTENDANCE

There were nine (9) members of the public in attendance at the commencement of the meeting.

#### 1 Apologies

Apologies were recorded for Mr Roache, Cr Brannigan, Mayor Duffy and Mr Clapperton.

MOVED by Ms Metcalf, seconded Mrs Street:

THAT the apologies from Mr Roache, Cr Brannigan, Mayor Duffy and Mr Clapperton be accepted.

CARRIED

#### 2 Public Speaking Rights

9.1 <u>Monitoring Report</u> Michael Feyen

- 9.2 <u>Chief Executive's Report</u> <u>3.4 Foxton Beach Freeholding Account</u> Mike Coupe
- 9.3 <u>Foxton Pool Update</u> Michael Feyen Marilyn Owen
- 9.4 <u>Feasibility of Installing a Toilet at Foxton Cemetery</u> Michael Feyen Kevin Anderson Mike Coupe

#### 3 Late Items

There were no late items.

#### 4 Declaration of Interest

There were no declarations of interest.

#### 5 Confirmation of Minutes

MOVED by Ms Metcalf, seconded Mrs Street:

THAT the minutes of the meeting of the Foxton Community Board held on Monday, 16 November 2015, be confirmed as a true and correct record.

CARRIED

#### 6 Matters Arising

There were no matters arising.

#### 7 Leave of Absence

There were no leaves of absence requested.

#### 8 Announcements

An In Committee Briefing on Community Housing would be held for Board Members following the meeting.

Anna Wood, Urban Designer, was introduced to the meeting. Miss Wood had joined Council four weeks ago. It was the first time Council had employed an Urban Designer, with Miss Wood explaining what urban design entailed. Her first two projects were Foxton related – being the Foxton Beach Reserves and Future Foxton.

#### 9 Reports

#### 9.1 Monitoring Report to 15 February 2016

#### Purpose

To present to Foxton Community Board the updated monitoring report covering requested actions from previous meetings of the Community Board.

MOVED by Ms Metcalf, seconded Mrs Street:

THAT Report 16/12 Monitoring Report to 15 February 2016 be received.

THAT this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

#### CARRIED

In his speaking rights in relation to the Monitoring Report, Cr Feyen queried if, with regard to Report 14/335 – Proposed Foxton Beach Walkway Network, paper roads were being taken into account when looking at the walkway network.

Ms Smart said she and Ms Metcalf had been working really hard on this and the brochure had been completed with assistance from Council staff. Whilst paper roads were not included in the brochure they were being considered as part of the district wide Shared Pathways Strategy which included the Foxton and Foxton Beach pathways and walkways.

Cr Feyen then commented on the Foxton Pool expressing his thanks to Marilyn Owens and Lyn Martindale for getting together the petition. He supported the opportunity arising for the Foxton Pool from the Levin pool's redevelopment and he wanted to ensure that all ideas were captured that would assist in keeping the pool open. If the beach was not suitable for swimming, people should be encouraged to go to the pool, but that needed to be managed properly. He also supported a community working party, as suggested in the report, and would like to be part of that committee. He did not want the Foxton Pool's future to hinge on the fact that the trial was done over the coldest part of the year. Marketing needed to start now to let people know the pool would be open and also that it was heated.

With regard to the provision of a toilet at the Foxton Cemetery, Cr Feyen said he totally supported that. He drew Board Members' attention to comments in the report with regard to consultation, and any impact in relation to the LTP, which he found contradictory.

#### Page 8 Foxton Beach Freeholding Account

Ms Smart said the meeting had been held in August last year. There were many varying positions and points of view and the Board was working its way through the notes and information from that meeting putting together a plan for the future.

Page 9 <u>Report 14/335 – Proposed Foxton Beach Walkway Network</u> Ms Metcalf reported that the brochure was finished and was at the printers. It was hoped it would be available for the Easter Motor Home Rally.

#### Page 11 <u>Report 15/501 – Chief Executive's Report to 17 August 2015 – PNCC</u> <u>Wastewater Monitoring Group – meeting attendance</u>

A response from Horizons Regional Council on the makeup of the Wastewater Monitoring Group had elicited that the Community Board Chair, or the Chair's representative, was nominated to attend those meetings. Future attendance would be discussed.

#### Kings Canal

The requested information had been received from Horizons Regional Council, as follows:

| Year    | Total rates collected for Foxton<br>East Drainage Scheme (incl GST) | Portion of total rates collected from<br>urban area for maintenance of<br>Kings Canal (including GST) |
|---------|---|---|
| 2011-12 | \$14,234  | \$10,073  |

| 2012-13 | \$19,165 | \$16,072 |
|---------|----------|----------|
| 2013-14 | \$19,942 | \$16,711 |
| 2014-15 | \$19,939 | \$16,628 |
| 2015-16 | \$19,941 | \$16,613 |

#### 10.2 Chief Executive's Report to 15 February 2016

#### Purpose

To present to the Foxton Community Board, for information, issues relating to the Foxton Community Board area.

MOVED by Mr Vertongen, seconded Mrs Street:

THAT Report 16/13 Chief Executive's Report to 15 February 2016 be received.

THAT this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

#### CARRIED

#### 3.1 Forbes Road

Because of the increased local real estate/building activity, Mr Vertongen suggested revisiting the previous decision with regard to progressing the subdivision's extension. An officer report was requested for the next Community Board meeting.

#### 3.2 <u>LIM Improvements</u>

Mrs Davidson noted that there had been a presentation on this at the last Council meeting and this was included so Community Board Members were also aware of the LIM improvements.

## 3.3 <u>Manawatu Estuary Trust</u>

Ms Metcalf highlighted the main points in the Trust's minutes.

#### 3.4 Foxton Beach Freeholding Account

Whilst it had taken a long time, Mr Coupe expressed his appreciation for the enhanced reporting with his understanding being that this information would be available quarterly.

In terms of the Kilmister block, Mr Coupe said he thought, because of the development occurring locally, Foxton and Foxton Beach would miss out on a great opportunity if it did not continue with staged development of the block. GreyPower would support that.

Ms Smart noted that a report had gone to Council in October last year with the information at that time being that further development should not be supported; however perhaps it was timely that that was revisited.

Mrs Davidson noted the replacement page that had been tabled, with Ms Metcalf having identified some inaccuracies in the information that was included in the Agenda.

Mr Vertongen queried if rates were being paid on Asset 3444 in the Register of Endowment Assets as that section had been taken by Council to deal with excess water issues.

#### 10.3 Foxton Pool Update

#### Purpose

To present to the Foxton Community Board an update following on from the November 2015 Report to the Board on the Foxton Pool

MOVED by Mrs Street, seconded Ms Metcalf:

THAT Report 16/35 Foxton Pool Update be received.

THAT this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

#### CARRIED

Marilyn Owens and Lyn Martindale who had together organised the petition with regard to extending the Foxton Pool's opening hours, joined the table.

Mrs Owens expressed her support of whatever could be undertaken to achieve greater access and use of the Foxton Pool, noting the many people who used the pool but who could not go further afield. Her comments included a request for more extensive promotion of the pool and what it offered, with many people not being aware that the pool was actually heated. Foxton did attract people all year round and if they could not swim at the beach they should be able to swim at the pool. "Come to Foxton and bring your togs" should be the motto. Enhancements inside and outside the pool were also suggested to make it a more pleasant experience.

Mrs Martindale said her point was that the facilities at the Foxton Pool were not suitable for disabled people and she would like this to be looked at. She was waiting to hear back from the Aquatics Manager as it may be area that Rotary, of which she was a member, could assist with fundraising. Individual showers in the changing room would also be advantageous.

Mr Vertongen said he would like to see primary schools given at least one morning a week free of charge for children to be taught how to swim. Children who could swim would use the pool at other times. He requested an officer report on the viability of such a proposal.

In speaking to the report, Council's Community Services Manager, Mrs Kidd, said it was helpful to listen to the comments from around the table and she responded to comments made, including:

- Council was prioritising and fostering relationships with schools and she was
  pleased to advise that there were already 60 enrolments for the Foxton Learn to
  Swim classes for next term;
- the Teen Rave that had taken place at the Foxton Pool last Friday had attracted only 12 young people; however by all accounts it was an excellent evening;
- adjusting the heating as required was being looked at;
- with regard to disabled access and use, that had just come to Officers' attention. Whilst the building was obviously compliant, they were very interested in what the issues were and ideas as to how the facility could be improved.

MOVED by Mr Vertongen, seconded Ms Metcalf:

THAT the Foxton Community Board recommends to the Horowhenua District Council that all primary schools in the district be given one morning a week free of charge for children to be taught how to swim.

#### **CARRIED**

Mrs Davidson noted that schools were given a reduced rate to use the district's pools and they were also able to attract funding that was not available to third party swim schools.

#### **10.4 Feasibility of Installing a Toilet at Foxton Cemetery**

#### Purpose

The purpose of this report is to establish the need for a toilet at Foxton Cemetery and whether it is feasible that such a facility can be installed.

MOVED by Mr Vertongen, seconded Mrs Street:

THAT Report 16/59 Feasibility of Installing a Toilet at Foxton Cemetery be received.

THAT this decision is recognised as not significant in terms of S76 of the Local Government Act.

#### CARRIED

Mr Kevin Anderson, a local funeral director, spoke strongly in support of the provision of a toilet at the Foxton cemetery citing the different groups, not only funeral attendees but contractors, monumental masons, etc, who were inconvenienced by not having a toilet on-site. Noting the comment in the report about water availability at the cemetery, Mr Anderson said there was actually an old well which could be a suitable water source. He also leased a shed at the cemetery which he would be prepared to give up if Council wanted to use it for water. He extended an invitation to Community Board members to join him at the cemetery to look at water availability.

Mr Coupe spoke in support of Mr Anderson's comments, with GreyPower having taken an interest in this issue.

Mr Vertongen said provision of a toilet at the cemetery was long overdue and suggested installing a portaloo or similar on site until something more permanent was installed, with Ms Metcalf expressing the view that it should be done once and done right.

Mr Nelson, Council's Property & Parks Manager, responded to the comments made by the various speakers, noting particularly with regard to consultation that was in relation to use of the special consultative procedure which this matter did not trigger. In terms of the LTP, he noted there was \$140,000 in the budget next year for the cemetery extension and his suggestion was that some of that could be diverted into the provision of a toilet.

Mr Nelson tabled a plan which showed the proposed cemetery extension and indicated a possible site for a toilet. If the Board did decide to divert money it would have an impact on the plan. If a toilet was installed it should service the cemetery for 50 years. He had not been aware of the well and would be happy to discuss that further. However, when he had said there was no water supply he had been meaning reticulated water. This report was the first stage and the next stage, if this was to go ahead, would be to look at things in more detail.

Whilst Mr Nelson had not made any recommendation with regard to proceeding, Mrs Davidson directed Members attention to the comment at the bottom of page 35 that they may want to recommend to Council that the funds allocated for the extension of the Foxton Cemetery be used to install a new toilet/ablution facility instead.

In response to Mr Vertongen's comment about installing something temporarily, Mrs Davidson said if this was recommended to Council at its March 2016 meeting, she was confident that it would form part of the Annual Plan and she would expect to have something in place by the Spring.

In saying that the issue for him was to confirm the availability of a sufficient water supply, Mr Nelson agreed that the project could be done reasonably quickly.

Mrs Huzziff, who was in the public gallery, advised that their farm was adjacent to the cemetery and they would be prepared to supply water if necessary.

MOVED by Mr Vertongen, seconded Ms Metcalf:

THAT the Foxton Community Board recommends to Council that the funds allocated for the extension of the Foxton Cemetery be reallocated and used to install a new toilet/ablution facility at the Foxton Cemetery in the 2016/2017 financial year AND FURTHER

THAT any funds remaining be deferred until such time that an extension of the Foxton Cemetery is required.

CARRIED

#### 10.5 Planning Services Matters Considered Under Delegated Authority

#### Purpose

To present details of decisions made under delegated authority in respect of Planning Services Matters.

MOVED by Mr Vertongen, seconded Ms Metcalf:

THAT Report 16/14 Planning Services Matters Considered Under Delegated Authority be received.

THAT this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

THAT the matters decided under delegated authority (s104 of the Resource Management Act) as listed, be received:

There were no declarations of interest.

## 4 Confirmation of Minutes – 27 January 2016

MOVED by Mr Jackson, seconded Mayor Duffy:

THAT the minutes of the meeting of the Finance, Audit & Risk Subcommittee held on Wednesday, 27 January 2016, be confirmed as a true and correct record.

#### CARRIED

#### 5 Matters Arising

With the minutes having recorded that Mr Saidy and Mr O'Neill would be invited to today's meeting to respond to queries with regard to spending on budgeted projects, Cr Mitchell queried if they would be in attendance. This was flagged for the next meeting.

#### 6 Announcements

There would be a Risk Management Briefing from Nicki Brady, Senior Manager – Business Services, at the conclusion of the meeting.

#### 7 Reports

#### 7.1 Financial Report for the seven months to 31 January 2016

#### Purpose

To present to the Finance, Audit & Risk Subcommittee the financial report for the six months to 31 January 2016.

MOVED by Cr Rush, seconded Cr Tukapua:

THAT Report 16/63 on Financial Report for the seven months to 31 January 2016 be received.

THAT this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

#### CARRIED

A Cashflow Forecast for the year was tabled for Members' information.

Mr Law noted an error on page 13, with the total of the third column (Variance) being \$(524,726), not (332,524).

Mr Law commented that there were a lot of changes as the trends for the current year had been set for a while. Community facilities had made some savings which meant that activity was under budget. In terms of income, there was still some question as to the capital subsidies granted but those predictions would firm up coming through. With regard to roading, there had been a shift in cost from capital into operations with more money being spent on the operations side rather than renewals. Rates remissions had been open for a longer period with a lot of work done to promote those which had meant the budget was a little different to what had been anticipated. In terms of capital expenditure, there had been problems with consents being delayed. There were delays in variations projections, especially for Foxton Wastewater, and the budget was unlikely to be fully spent this year because of such issues.

Overall things were looking reasonably good. There had been no movement in interest rates, which had since dropped and were now down to 4.89%. It was expected these would keep going down by small margins as the year progressed and as existing loans were refinanced.

Members' questions were responded to, which included:

- In terms of how current the Incomes projections column was (page 11), Mr Law said he would check with managers to find out why income was being exceeded, with Mr Clapperton commenting that there was not a huge focus on income, with the focus being on projections around expenditure.
- The big jump in rates penalties was because there were two levels of penalties, with Mr Law explaining how these were applied.
- With regard to interpreting the LGFA covenants graph (page 9), Council was meeting its benchmark if it was showing 110% or more in terms of available financial accommodation to external indebtedness; if it went below 110% it would not be.
- The Community Housing Review would have marginal rather than a significant change with regard to Council's debt levels with Audit having agreed that the \$5m suspensory loan could remain as a contingent liability.
- An explanation would be provided as to what 'Other' related to on page 15 under Non-current liabilities;
- Rural Aerial up-dates (page 19) was in relation to the five yearly renewal of our aerial photography.
- Flag tracks (page 18) Council used tracks for putting up flags rather than using hoists.
- Clarification would be sought as to the comment on page 19 about spending on the reservoir project, which had not gone to the February Council meeting.
- The graph on page 19 was included in error and would be removed;
- On page 23, for clarity 'Recreation and Leisure' should be in bold as it was a heading.
- The corrections/amendments noted would be done prior to the report being included in the Council Agenda.

## 7.2 Audit New Zealand - Final Management Report for the year ended 30 June 2015 Purpose

To present to the Finance Subcommittee the Audit New Zealand - Draft Management Report for the year ended 30 June 2015.

MOVED by Cr Rush, seconded Cr Mitchell:

THAT Report 16/23 on Audit New Zealand - Final Management Report for the year ended 30 June 2015 be received.

THAT this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

#### **CARRIED**

Mr Law advised that whilst the Audit Director and Audit Manager would normally be present for this item, they had been unable to attend today's meeting. They would, however, be available for the March 2016 meeting and Members would have the opportunity to speak to them without staff present.

Mr Law gave an overview of the report. He noted particularly that there was a big move with regard to risk management coming through to local government with there being a big change in Central Government's financial response to disasters. This would have a significant impact on all Councils going forward. It would also be significant for this Committee in terms of identifying and mitigating risk. Mr Clapperton said he thought the report was very helpful and constructive. Whilst there were some items that had been flagged, having them raised was beneficial for the organisation as they highlighted areas for improvement.

His comments were endorsed by Mayor Duffy and other members, with Mr Jackson, for the record, saying this was an exceptionally good audit report.

With the recommendations included in issues identified in the audit creating additional focus and responsibility for this committee, Cr Rush suggested that it would assist to have a monitoring report to ensure that nothing was overlooked and there were regular updates on progress.

MOVED by Cr Rush, seconded Cr Tukapua:

THAT a Monitoring Report model be prepared and be presented to the next Finance, Audit & Risk Subcommittee meeting that will be used to measure progress to achieve the recommendations of Audit New Zealand.

#### CARRIED

To place on record the Committee's appreciation to the Finance team for the good work in achieving an unmodified audit report it was:

MOVED by Cr Bishop, seconded Mr Jackson:

THAT the Finance, Audit & Risk Subcommittee congratulates the Finance team on the improvement in the last 12 months to achieve an unmodified audit report.

#### **CARRIED**

During discussion on the report, the recommendation (6.5) that significant procurement should follow a tender process was raised. It was noted that Council did have a comprehensive Procurement Strategy and this recommendation needed to be considered in light of that Strategy which did in some instances endorse the use of preferred suppliers. A lot of time and money could be spent undergoing a tender process that did not need to be done.

4.47 pm There being no further business, the Chairperson declared the meeting closed.

CONFIRMED AS A TRUE AND CORRECT RECORD AT A MEETING OF THE FINANCE, AUDIT & RISK SUBCOMMITTEE HELD ON

<u>DATE</u>:.....

CHAIRPERSON:

This report is for the seven months ended 31 January 2016. Included in this report is an executive summary, organisation summary and financial statements.

#### Executive Summary

**Operating deficit:** \$1,007,000 less than budgeted deficit of \$1,314,000.

Activity revenue: above budget by \$761,000 with no major variance to report.

Activity expenditure: below budget by \$505,000 with no major variance to report.

**The Forecast budget for 30 June 2016** is forecasting a surplus of \$1,072,000 at 30 June 2016 versus the Annual Budget of \$1,596,000.

Forecast Activity revenue: expected to be below budget by \$50K.

Forecast Activity expenditure: expected to be above budget by \$437K.

**Sundry debtors**: The total Outstanding Debtors have decreased in the month by \$20K. The total Outstanding Debtors is \$706K and have reduced by 34% since June 2015.

#### Major variances

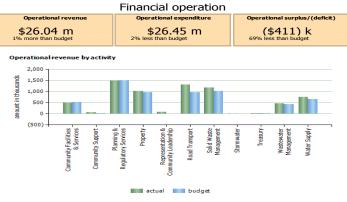

|                          | 30 Jun 2015 | 31 January<br>2016 | Variance             |
|--------------------------|-------------|--------------------|----------------------|
| On charges               | \$138,788   | \$81,210           | (\$57,578)           |
| Development Contribution | \$353,371   | \$87,582           | (\$265,789)          |
| 90 day outstanding       | \$639,089   | \$453 <i>,</i> 584 | (\$185 <i>,</i> 505) |

**Treasury**: Our weighted average interest rate remained to 4.9% at January 2016, decreasing from 5.15% at June 15 and 5.35% at January 2015. This is a potential saving of \$354K of interest payable.

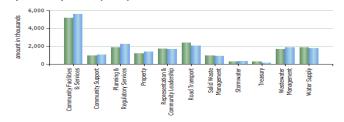

The LTP interest rate assumption for 2015/16 was 5.5%.

#### Notes

1. Capital Subsidies are under budget for Roading Transport as more operational work is being undertaken. This is forecasted to be in line with budget by 30 June 16 with work carried out in the summer months. The forecast includes \$2.2m funding expected for Te Awahou, currently \$375K has been received which is to yet be approved for release.

#### Notes

- 2. Community Facilities & Services is under budget with the new contractors. As a result of savings from the new contracts direct expenditure on this activity is forecasted to be \$250kbelow budget by 30 June 2016.
- 3. Planning & Regulatory Services are under current budget with careful management of expenditure.
- 4. Property is under current budget with the new contractors. As a result of savings from the new contracts direct expenditure on this activity is forecasted to be \$146k below budget by 30 June 2016.

5. Roading Transport has had a slight increase on subsidised expenditure with unbudgeted emergency works for repairs to roads due to slips and seal washouts. This is forecasted to impact on the total at 30 June 2016.

- 6. Treasury is above budget with increased rates remissions than anticipated. This is forecasted to continue to 30 June 2016.
- 7. Water Supply is slightly above budget with increase costs for Levin- Ohau water Consent Compliance and associated costs. This is forecasted to continue to 30 June 2016.

## Council 02 March 2016

| Debtors Summary       | \$000   | Notes |
|-----------------------|---------|-------|
| Debtors Sundry        | 706     | а     |
| Debtors Rates         | 5,679   | b     |
| Debtors Water         | 718     |       |
| Debtors Infringements | 610     | С     |
| Debtors Other         | 741     | d     |
| Total Debtors         | \$8,454 |       |

#### 8.

a. The Statement of Current Debtors breaks further breaks down Debtors Sundry.

b. Debtors Rates includes \$2,637m of rates for instalment 3.

c. Debtors Infringements includes outstanding Dogs, Parking and sundry infringement tickets issues that are due which have not yet been sent to Court for collection.

d. Debtors Other includes Credit Balances of \$684k, Prepayments of \$168K, other sundry accruals \$160K and provision for Doubtful debt (\$988).

## Statement of Capital Expenditure – Major Projects over \$50,000

#### Notes and Comments

- 1. These Development Contribution debtors are being actively pursued. The batch of debt letters sent had a positive effect with several payments being made. Most of the Development Contributions Old Policy are with the Debt Collection Agency, with the balance of them either being paid off or having an arrangement to pay when the sections sell.
- 2. The Rental Income category is comprised mainly of annual endowment leases, which are billed in October each year and have until September the following year to pay. The majority of these lessees pay regular monthly amounts, with a few making lump sum payments, for some leases this builds up a credit balance which is offset against the October invoicing.
- 3. Amongst the Building Consents category, there are some damage deposit bonds in here, as well as extensions of time for a number of the older aged consents.
- 4. In the On Charges category, the majority of the 90+ Days debtors have been provided for as Doubtful Debts.
- 5. Amongst the Resource Consent category, there are some land use bonds. The debtors in this category are being actively pursued, and some of the 90+ Days debtors have been provided for as Doubtful Debts.
- 6. Out of the \$453k owing +90 Days, \$180k is provided for in the Doubtful Debts Provision. As at 31 January 2016 there are 585 sundry debtors and 620 debtors made payments totalling \$409,723.

File No.: 15/776

## **Construction Contract for Te Awahou Nieuwe Stroom Project**

#### 1. Purpose

The purpose of this report is for Horowhenua District Council to consider recommendations for the appointment of the main contractor for the Te Awahou Nieuwe Stroom project.

## 2. Executive Summary

- 2.1 Upon consideration of the options available it has been recommended by Council's Procurement Reference Group and Council's Projects Committee that the Horowhenua District Council undertakes the redevelopment of Te Awahou Nieuwe Stroom as a managed contract.
- 2.2 Council has directly approached a local construction company, Caldow Builders Ltd, which has a solid reputation for delivering projects of scale and is willing to undertake the construction work knowing that it will need to forgo in a number of instances the usual contractor's margins.

## 3. Recommendation

- 3.1 That Report 15/776 Construction Contract for Te Awahou Nieuwe Stroom Project be received.
- 3.2 That this decision is recognised as significant in terms of S76 of the Local Government Act
- 3.3 That the Horowhenua District Council undertakes the redevelopment of Te Awahou Nieuwe Stroom as a managed contract.
- 3.4 That Council authorises the Projects Committee and the CEO to negotiate a managed contract for the construction of Te Awahou Nieuwe with Caldow Builders Ltd to +/- 10% of the Quantity Surveyor estimate of \$4,133,000 plus contingencies.

## 4. Background / Previous Council Decisions

- 4.1 In September 2013 Council approved a business case recommending the purchase of the Mitre 10 building in Foxton. This was driven by a number of Council service delivery imperatives with the closure of the Council Service Centre in Foxton and the deteriorating state of the existing Foxton Library.
- 4.2 In February 2015 Council approved the development of the Te Awahou Nieuwe Stroom complex going to the Detailed Design phase; supported applications to Lotteries Significant Projects and Lotteries Community Facilities Fund and proceeding to consult through the LTP on allocation of \$500,000 from the Foxton Freeholding Account.
- 4.3 An update was provided to Council in December 2015.

#### 5. Discussion

- 5.1 Horowhenua District Council purchased the Mitre 10 building in Foxton in 2013 with the intention of undertaking a redevelopment of the property into a community hub/library.
- 5.2 During the early stages of the project various options for procurement were explored, with consideration of both a contracted and collaborative approach.

## Council 02 March 2016

- 5.3 As this project is to establish a community facility, it was acknowledged that a wide range of options were available from a complete managed contract to a number of different contracts for the various components. In addition, it was also identified that there may be opportunities for complementary activities which may not necessarily be provided by the Council but could be necessary for good community outcomes.
- 5.4 It was identified that "collaboration" would be part of this project as a number of local and national organisations had resources to offer to the project which would result in tangible benefits and provision of in-kind materials.
- 5.5 Given the scale of this project the HDC procurement approach is to view the procurement in two phases being:

Phase One: Construction

Phase Two: Land-scape Re-Development

Phase Three; Operational Fit Out.

- 5.6 This report is to address and make recommendation on Phase One, construction.
- 5.7 The landscape redevelopment and operational fit out aspect of the project will form a separate procurement approach and as such a procurement plans will be developed.
- 5.8 Upon consideration of the options available it is recommended to the Council by the Project Reference Group that HDC undertakes the redevelopment of Te Awahou Nieuwe Stroom as a Managed Contract and that HDC directly approach a local construction company which has a solid reputation of delivering projects of scale and is willing to undertake the construction work knowing that it will need to forgo in a number of instances the usual contractor margins.
- 5.9 It was approved by the Project Reference Group that the Chief Executive Officer and the Strategic Projects Coordinator negotiates a Managed Contract with Caldow Builders Ltd to undertake the construction of Te Awahou Nieuwe Stroom.
- 5.10 The construction of this project is heavily reliant on the in-kind sponsors and will require significant liaison between the constructions company and the suppliers.
- 5.11 Caldow Builders Ltd has a very strong reputation in Foxton/Foxton Beach the business and the staff are very embedded in the local community and has actively supported a number of community projects not only locally but also in Samoa after the tsunami as this had affected a number of the local horticultural seasonal workers.
- 5.12 Caldow Builders Ltd has already assisted on the project by delivering a scissor lift, providing Health and Safety Training to Community Service workers as they demolished the internal walls in the Mitre 10 building.
- 5.13 Caldow Builders Ltd was the main contractor for the construction of the Foxton Medical Centre Te Waiora, completed on time and within budget.
- 5.14 Caldow Builders Ltd has demonstrated its ability to undertake a number of building activities under tight time pressures and constraints; one example was the necessity to extend the Marina at Foxton Beach.
- 5.15 Council currently has a Preliminary Estimate of Cost (PEC) for the entire project, this includes the construction costs for the redevelopment of the Mitre 10 building, the landscape work to be undertaken in Flax Mill Reserve, the demolition of the Foxton Service Centre, Foxton Art Gallery and the development of the exhibition and interior space.
- 5.16 The PEC is for a total cost per sqm with a gross floor area of 2,225m<sup>2</sup>. Contingencies of \$450,000 are included in this PEC.
- 5.17 Project Management costs have not been estimated in the PEC and will need to be established.

5.18 There will be an increase in overall operational costs to the Council with the redevelopment of this building (refer 7.1).

**Evaluation Method** 

- 5.19 Caldow Builders Ltd will be approached to provide pricing for the construction contract of the redevelopment of the Mitre 10 building.
- 5.20 The price provided by Caldow Builders Ltd will be tested against the Ryder Levett Bucknall Preliminary Estimate of Costs.

Evaluation Attributes

5.21 Not required as a Direct Appointment to agreed negotiated terms including cost and time Negotiation Team

The following team will negotiate details with the Contractor.

| David Clapperton | CEO, HDC                                   |
|------------------|--|
| Pete Bossley     | Architect                                  |
| Cathy McCartney  | Strategic Projects Coordinator, HDC        |
| Tim Warren       | External Procurement Specialist            |
| Wayne Bishop     | Chair, Finance and Projects Committee, HDC |

<u>Methodology</u>

- 5.22 The Te Awahou Nieuwe Stroom panel progressed and approved the adoption of a formal evaluation process.
- 5.23 Detailed design drawings including Schedules of Quantities to be issued to Caldow Builders Ltd.
- 5.24 The invited contractor will be requested to provide pricing for all the main contract works.
- 5.25 The Evaluation Panel will meet with the contractor in an open book environment on 22 March 2015 to complete assessment against the Rider Levett and Bucknall Final Estimate of Costs.
- 5.26 The Evaluation Panel will report the outcome to the Projects Committee for approval on total construction price and contract terms.

| Engineers Estimate  | \$  | Caldow Builders Ltd   |
|---|---|-----------------------|
| Rider Levett Bucknall<br>Firm Estimate of Cost 20<br>January 2016 | \$4,565,000<br>(including<br>Contingencies) | At this stage unknown |

- 5.30 The Projects Committee of Council met to consider a report and recommendations from the Evaluation team.
- 5.31 The minutes of the Projects Committee meeting will be tabled at the April Council meeting.

**Construction Time Line** 

| Week<br>No | Week ending      | Activity   | Notes |

| 13         | 30 November 2017 | Final Retention Released  |       |

## 6. Options

- 6.1 Council has over the years investigated a number of ways to deliver the Te Awahou Nieuwe Stroom project deciding in 2013 with the purchase of the Mitre 10 building to undertake the development of a multi-purpose facility that includes Te Taitoa Maori o Te Awahou, The Dutch Connection Trust, the library and meets the needs of community users.
- 6.2 Throughout the development process the Project Steering Group has focused on how to deliver a very high quality experience for local users and visitors alike. A significant amount of thought and planning has gone in to how the local community will use the building and what they want from the space. The space is open and flexible to ensure the free flow of people throughout the facility.
- 6.3 The Developed Design of the building provides 2,225m2 of space across the building. With this in mind and returning to the original Design Brief, the Dutch Connection Museum Trust has approximately 380m2 of space and Te Taitoa Maori O Te Awahou has approximately 200m2 allocated towards the Piriharakeke Generation Inspiration Centre.
- 6.4 The available local community and shared space is 1,645m<sup>2</sup>. This includes space for the library, social gathering points and bookable meeting rooms. Two of the meeting rooms on the mezzanine floor are wet floor areas to ensure that school groups, community organisations and the wider public have the facilities to undertake a wide variety of activities.
- 6.5 The kitchenettes and community spaces upstairs have been designed with the end user in mind. Facilities have been provided to boil the jug, heat the babies bottle and for users to be able to share food upstairs and make a drink.

#### 6.1 **Cost**

#### Total Project Cost

|   | Budget<br>\$ | Estimated costs to completion \$ |
|---|--------------|----------------------------------|
| Mitre 10 purchase   | 900,000      | 900,000                          |
| Professional and<br>Technical Services  | 450,000      | 750,000                          |
| Project Management and<br>Construction<br>Observation                             | 75,000       | 68,000                           |
| QS Estimates  | 50,000       | 80,000                           |
| Consents  | 25,000       | 25,000                           |
| Rider Levett Bucknall<br>Construction Firm<br>Estimate of Cost 20<br>January 2016 | 4,565,000    | 4,565,000                        |
| Fitout/museum display   | 900,000      | 610,000                          |
| Contingency   | 450,000      | 300,000                          |
| Total   | 7,415,000    | 7,298,,000                       |

## Funding

The following is a summary of how the Te Awahou Nieuwe Stroom project is budgeted to be funded. It also shows the funds raised to date and funds still to be raised.

| Funding Breakdown  | <b>F</b>    |
|--|-------------|
| Council Contribution:                                      |             |
| Council contribution (building, library, Council services) | \$2,650,000 |
| Strategic Grant  | \$100,000   |
| Sale of Library site                                       | \$60,000*   |
| Foxton Property Sales                                      | \$200,000*  |
| TOTAL  | \$3,010,000 |
| External Funding obtained:                                 |             |
| Freeholding Account  | \$500,000   |
| Lotteries Significant Projects                             | \$750,000   |
| Lotteries Community Facilities                             | \$500,000   |
| Eastern and Central Community Trust                        | \$170,000   |
| Dutch in kind contribution                                 | \$470,000   |
| TOTAL COMMITTED FUNDING                                    | \$5,400,000 |
| External Funding Applications (awaiting outcome)           |             |
| Horowhenua District Council as the lead applicant with     | \$1,000,000 |
| Te Taitoa Maori O Te Awahou and Dutch Connection           |             |
| Museum Trust (Lotteries WW1 – closes 24 February           |             |
| 2016)  |             |
| Ministry of Culture and Heritage                           | Unknown^    |
| TOTAL  | \$1,000,000 |
| Partner Organisations Contributions:                       |             |
| Dutch in-kind sponsorship                                  | \$500,000*  |

| Te Taitoa Maori o Te Awahou | \$500,000*  |
|-----------------------------|-------------|
| TOTAL                       | \$1,000,000 |
| OVERALL TOTAL               | \$7,400,000 |

- 6.2 Funding from the sale of the Library site has not been realised and will not be until the Te Awahou Nieuwe Stroom project is operational.
- 6.3 Foxton property sales are ongoing.
- 6.4 The Horowhenua District Council has taken the lead on lodging an application with Lotteries WW1 – Environment and Heritage. The closing date for this application is 24 February 2016. Applicants will be advised in late May 2016.
- 6.5 An application will be lodged with The Ministry of Culture and Heritage Regional Museums Fund. At this stage the amount being applied for is unknown as this fund involves Te Taitoa Maori o Te Awahou, The Dutch Connection Trust and Council working closely with the advisors from the Ministry. The application to this fund cannot be made until all other funding sources have been exhausted.

#### 7.0 Rate Impact

| The proposal in this report will cause<br>Council expenditure to increase<br>annually for both operational costs and<br>debt repayment. These costs are rates<br>funded by a Targeted Library Rate and<br>will therefore have the following impact<br>on future rate increases (not CPI<br>adjusted). Year | Additional Debt<br>Servicing | Operational Cost |
|--|------------------------------|------------------|
| 2016-17  | -                            | 150,000          |
| 2017-18  | 121,000                      | 163,000          |

7.1 Councillors will be aware that a Community Services Review is currently underway in accordance with Section 17A(1) of the Local Government Act, 2002 (LGA02). As the Review is now drawing to a conclusion, we are confident that service model changes recommended will identify opportunities for cost efficiencies and savings. The impact of these efficiencies will be to make available some additional operational budget across the community services areas (including community centre services and community development) to avoid any direct impact on rates. Therefore the additional operating budget required by Council delivered services within Te Awahou–Nieuwe Stroom will form part of the total community services suite for the district and the necessary resources will be obtained, to the degree necessary, from within the existing operational budgets.

#### 8.0 Community Wellbeing

- 8.2.1 This project is strategically aligned to the Community Outcomes outlined in the LTP 204-25, Community Wellbeing Strategy and the five Community Wellbeing Action Plans that detail the way Council will work within Community Wellbeing over a three-year period: Arts Culture and Heritage Action Plan; Disability Action Plan; Education Action Plan; Positive Ageing Action Plan; Pride and Vibrancy Action Plan; and Youth Action Plan.
- 8.2.2 The project is also strategically aligned to the Economic Development Strategy which provides a roadmap for Council, business and the community to make decisions about Horowhenua's economic wellbeing. The strategy highlights the interconnectedness of

economic growth, community wellbeing, Council decision-making, and Horowhenua's place in the world.

- 8.2.3 Horowhenua District Council currently delivers information and Council services to Foxton residents from the Foxton Library. The library building, which is owned by Council, was initially constructed in 1909 and was extended in 1971 and was identified in the 2012-2024 as needing to be replaced. Council provides a seasonal swimming 25-metre lane pool, children's play pool in Foxton, and provides a number of reserves and sports grounds in the Foxton area. Other Council owned outdoor recreational facilities include a grandstand at Easton Park in Foxton, the Holben Reserve Soundshell and Pavilion at Foxton Beach, and the Foxton Beach Surf Lifesaving clubrooms.
- 8.2.4 Council also owns the Foxton Courthouse Museum building (currently closed after being assessed as an earthquake risk), the Foxton Community Arts Centre building, the Foxton Memorial Hall, and the Foxton Coronation Hall.
- 8.2.5 Whilst the Council provides a wide range of community facilities in the Foxton/ Foxton Beach area Te Awahou Nieuwe Stroom will provide a convenient community hub for locals and visitors alike. The development of Te Awahou Nieuwe Stroom will increase the Level of Service provided to both locals and visitors with the facility increasing operational hours from the current 42 hours per week to 56 hours over 7 days to provide service to the community.
- 8.2.6 As part of the redevelopment project the currently closed earthquake prone Council Service Centre will be demolished, as will the Foxton Community Art Centre. The closure of the Service Centre has been addressed by staff relocating to the Foxton Library building

#### 9 Consenting Issues

- 9.1 Resource Consent No. 501/2015/3581 Issued 2 February 2015.
- 9.2 Building Consent No. 20150231 Issued 26 August 2015

#### 10. LTP Integration

- 10.1 Te Awahou Nieuwe Stroom is one of the significant projects identified in the Long Term Plan 2015-2025.
- 10.2 This project has previously been identified/consulted on and decided upon in the Long Term Plan.

## 11 Consultation

The Council is committed to ongoing engagement with all stakeholders and will continue with this through the visitor experience development.

## 12 Legal Considerations

Under the Local Government Act the Council is required to provide Library and Visitor Information Services.

## **12.** Financial Considerations

- 12.1 In the Long Term Plan 2015-2025 the Council has allocated \$3.112m towards the project.
- 12.2 \$500,000 allocation from Foxton Beach Freeholding Account.
- 12.3 Council has secured \$1,420,000 in funding from Lotteries Significant Projects, Lotteries Community Facilities and Eastern and Central Community Trust and \$470,000 worth of inkind contributions from the New Zealand Dutch Community..

## **13. Other Considerations**

- 13.1 A Summary of Economic Impacts of the construction phase of Te Awahou Nieuwe Stroom was sought from Infometrics.
- 13.2 The estimated GDP for Horowhenua will be about \$884m in 2016 (measured in today's prices). The calculations reflected in the table below indicate that the construction phase will add about \$3.11m to GDP (after indirect effects and earnings impact are taken into account). This is equivalent to 0.4% of GDP I.e the construction phase will add 0.4 percentage points to business as usual growth in Horowhenua.

|  | Business<br>turnover (gross<br>output) | Value<br>added<br>(GDP) | Household<br>income |
|--|--|-------------------------|---------------------|
| Direct impact (\$m)                    | \$4.62                                 | \$1.50                  | \$0.91              |
| Indirect impact (\$m)                  | \$2.86                                 | \$1.16                  | \$0.69              |
| Earnings impact (\$m)                  | \$2.46                                 | \$0.45                  | \$0.23              |
| Total (\$m)                            | \$9.94                                 | \$3.11                  | \$1.83              |
| GDP in Horowhenua in 2016 (\$m)        |  | \$884                   |                     |
| Addition to GDP from TANS construction |  | 0.4%                    |                     |

- 13.3 This is the impact associated with increased spending directly in construction. Turnover in construction will increase by this amount as a result of the project.
- 13.4 The indirect impacts are the second round of economic effects associated with the direct effect. An increase in construction activity will require construction companies to purchase goods and services from suppliers within the district which will create economic activity in industries with linkages to construction.
- 13.5The earnings effect arises from increased spending from new employment associated with the project. These new workers will spend some on their earnings locally, for example at bars, which will induce extra economic activity.

#### Confirmation of statutory compliance

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

# 14. Appendices

There are no appendices for this report

# Chief Executive's Report to 2 March 2016

File No.: 16/29

## 1. Purpose

For the Chief Executive to update Councillors, or seek endorsement on, a number of matters being dealt with.

## 2. Recommendation

- 2.1 That Report 16/29 Chief Executive's Report to 2 March 2016 be received.
- 2.2 That this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.
- 2.3 That Council authorises Councillors Good and Tukapua to accompany the Mayor and Chief Executive to the Local Government New Zealand Conference to be held in Dunedin in July 2015.
- 2.4 That Council nominates Mayor Duffy and Councillor Good to attend the July 2016 Local Government New Zealand Conference to exercise Council's voting rights (plus the alternate) at the Annual General Meeting of Local Government New Zealand July 2016 with the determination of Councillors attending being left in the hands of the Mayor with power to act.
- 2.5 That Horowhenua District Council reconfirms Mayor Duffy and Councillors Rush and Kaye-Simmons as its representatives on the Horowhenua Lake Domain Board.
- 2.6 That Robert Warrington be appointed as the Muaupoko Iwi Representative on Te Horowhenua Trust.

## 3. Chief Executive Updates

#### 3.1 Local Government New Zealand AGM – Delegates

The 2016 Local Government Conference is being held in Dunedin in July 2015.

Under the constitution (Rule G16) the Mayor/Chair or Chief Executive is required to forward to Local Government New Zealand the names of the presiding, alternate and other delegates attending the AGM. This requirement is in addition to the registration of Council members attending.

This Council under rule G13 is entitled to a maximum of three delegates to attend and vote on this Council's behalf. For logistical reasons, the decision on this needs to be made now, together with the formal registration of our delegates.

It is Council policy to identify delegates to the LGNZ National Conference on a rotational basis. On that basis, subject to availability it is my recommendation that Councillors Good and Tukapua be nominated to attend the LGNZ.

#### 3.2 Horowhenua Lake Domain Board – Council Representation

The tenure of Lake Domain Board Members expires this month (March 2016). Council reconfirms Mayor Duffy and Crs Rush and Kaye-Simmons as its representatives on the Horowhenua Lake Domain Board.

#### 3.3 Economic Update

Council has recently received the latest Horowhenua Annual Economic Profile Update from Infometrics Ltd. Produced annually, this report provides an economic snapshot for the 12 month period ending March 2015. Horowhenua's economy has showed significant improvement in a number of areas.

Highlights for the year include:

- 3.6% GDP growth off the back of strong growth across the construction (+10.9%), agriculture (+5.0%), and electricity & gas supply sectors. Horowhenua outperformed a number of neighbouring districts including Wellington City (+3.4%), Kapiti Coast (+3.2%), Palmerston North (+2.9%), Whanganui (+2.7%), Porirua (+1.7%), Upper Hutt (+1.6%), and Lower Hutt (+1.6%). Horowhenua has averaged GDP growth of -0.3%pa over the last 10 years.
- Employment growth has increased by 1.9% in the year to 2015 with a strong lift from the 0.3% growth in experienced in 2014. While this trails the national average of 2.4% this is a significant upswing for Horowhenua. Key industries driving job growth in the district for the year to March 2015 were construction, health care & social assistance, agriculture and manufacturing.
- Horowhenua has experienced strong productivity growth of +1.7%, in doing so outperforming New Zealand by +0.5%. Productivity growth in Horowhenua has averaged 0.1%pa over the last 10 years.

Interactive access to the full Infometics report can be located at <a href="http://www.horowhenua.govt.nz/Business/Our-District/Our-Economy/">http://www.horowhenua.govt.nz/Business/Our-District/Our-Economy/</a>

The Manawatu-Whanganui Regional Growth Study's Accellerate25 implementation programme continues to be advanced. Workshops across Fresh Vegetable Exports and Age Living Innovation have been hosted in Horowhenua with a view to supporting the development of a draft Action Plan for Government consideration. Officers will continue to support this regional initiative, and look forward to providing further updates as these projects advance.

#### 3.4 <u>Te Horowhenua Trust – Muaupoko lwi Representation</u>

When the Te Horowhenua Trust Trustee appointments were reviewed in December 2015 a Trustee position was held for a representative from the Muaupoko iwi. Following a membership selection process, Robert Warrington has been put forward as the Muaupoko Iwi representative. Council's endorsement is now sought for that appointment.

#### 3.4 Long Term Plan 2015-2025 Monitoring Report

The Monitoring Report prepared for those items raised by submitters during the 2015/2025 Long Term Plan submission process, in ensuing discussion or passed by way of resolution, is **attached.**

# **Documents Executed and Electronic Transactions Authorities Signed**

File No.: 16/30

## 1. Purpose

To present to Council the documents that have been executed, Electronic Transactions Authorities and Contracts that have been signed by two elected Councillors, which now need ratification.

# 2. Recommendation

- 2.1 That the report 16/30 on Documents Executed and Electronic Transactions Authorities Signed be received.
- 2.2 That this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.
- 2.3 That the Horowhenua District Council hereby ratifies the signing of documents and Electronic Transaction Authorities as scheduled:
  - (a) Deed of Covenant with Kroll Development Limited relating to Foxton Beach Holiday Park. Land of 3.8385ha more or less being also Area 1-3 Deposited Plan 467597, Certificate of Title WNF1/997 and 679591.

# 3. Issues for Consideration

This report provides a mechanism for notifying the execution of formal documents by two elected Councillors and signing of Electronic Transactions Authorities.

# Attachments

There are no attachments for this report.

#### **Confirmation of statutory compliance**

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

# Fees and Charges 2016/17 : Food Act Premises and Planning

#### 1. Purpose

To propose a schedule of fees and charges in respect of Food Premises that are subject to the Food Act 2014 and fees and charges in respect of Planning Services for the 2016/17 year.

# 2. Executive Summary

- 2.1 Fees and charges in respect of these two activities are required to be consulted on using the special consultative procedure laid down in the Local Government Act 2002 as follows:
  - (a) Food Act Fees Food Act section 205(2);
  - (b) Planning Fees Resource Management Act section 36(2)
- 2.2 As a consequence this report is to facilitate this requirement.

### 3. Recommendation

- 3.1 That Report 16/32 Fees and Charges 2016/17 : Food Act Premises and Planning be received.
- 3.2 That this decision is recognised as not significant in terms of S76 of the Local Government Act.
- 3.3 That the matters raised in section 8.1 Food Act Fees have been considered.
- 3.4 That Council resolve that Food Act Fees (attached as **Attachment A**), and Planning Fees (attached as **Attachment B**) for the 2016/17 year be used as the Statement of Proposal, and the Summary of Information attached as **Attachment C**, be consulted on using the special consultative procedure as set out in section 83 of the Local Government Act 2002.
- 3.5 That the hearing of any submissions on this matter be heard by the Hearings Committee of Council acting under delegated authority and a subsequent recommendation be made by the Committee to Council.

# 4. Background / Previous Council Decisions

- 4.1 There has always been a requirement for planning fees to be consulted on prior to adoption by Council.
- 4.2 Food premises registration fees have previously been set by a resolution of Council. With the full implementation of the Food Act 2014 effective 1 March 2016 there is now a requirement to consult of fees that will apply to businesses that fall under this Act.

# 5. Discussion

#### 5.1 Food Act Fees.

(a) Section 205 of the Food Act allows a territorial authority to fix fees to cover direct and indirect costs related to registration, verification, compliance and monitoring activities.

- (b) Section 199 of the Food Act states the methods by which costs may be recovered fixed fees or charges, fees or charges based on a scale or formula or at a rate determined on an hourly or other unit basis, the recovery by way of a fee or charge of actual and reasonable costs expended in or associated with the performance or function, estimated fees followed by reconciliation, refundable or non-refundable deposits, levies, or any combination of any of the methods described.
- (c) The proposed fees and charges attached as Attachment A have been developed in accordance with the above.

#### 5.2 Planning Fees.

- (a) Section 36 of the RMA provides for a local authority to fix charges for various planning services in the manner set out in Section 150 of the Local Government Act 2002 after using the special consultative procedure set out in section 83 of that Act.
- (b) Section 36(4) of the RMA sets out the criteria a local authority needs to have regard to when setting fees.
- (c) The proposed fees attached as **Attachment B** have been developed in accordance with the above requirements.

# 6. Options

There are no options, legislation requires the proposed fees to be consulted on using the special consultative procedure.

#### 6.1 **Cost**

Not Applicable to this Report.

#### 6.1.1 Rate Impact

There will be no rate impact arising.

#### 6.2 Community Wellbeing

There are no negative impacts on Community Wellbeing arising.

#### 6.3 Consenting Issues

There are no Consents required or consenting issues arising.

#### 6.4 LTP Integration

Not applicable to this report.

## 7. Consultation

There was no consultation required to be undertaken to reach this point.

# 8. Legal Considerations

- 8.1 Food Act Fees. In fixing fees under section 205 of the Act the territorial authority -
  - (a) must take into account the criteria in section 198(2):
    - (i) equity, in that funding for a particular function, power, or service, should generally and to the extent practicable be sourced from the users or beneficiaries;

- (ii) efficiency, it that costs should generally be allocated and recovered in order to ensure that maximum benefits are delivered at minimum cost;
- (iii) justifiability, in that costs should be collected only to meet the actual and reasonable costs (including indirect costs);
- (iv) transparency, in that costs should be identified and allocated as closely as practicable in relation to tangible service provision for the recovery period in which the service is provided.
- (b) has the options provided by sections 198(6) and (7) and 199 other than (g):
  - (i) 198(6) cost recovery does not require a strict apportionment of the costs to be recovered for a particular function or service based on usage;
  - (ii) 198(7) a fee or charge may be set at a level or in a way that is determined by calculations that involve an averaging of costs or potential costs; takes into account costs or potential costs of services (that are not directly to be provided to the person who pays the fee or charge but which are an indirect or potential cost) arising from the delivery of the service to a class of persons or all persons who use the service;
  - (iii) 199 these are the matters raise in section 5.1(b) above.

#### 8.2 Planning Fees

In fixing fees under section 36 of the RMA a local authority is required to have regard to the requirement that the sole purpose of the charge is to recover reasonable costs incurred by the local authority in respect of the activity to which the charge relates, and a particular person or persons should only be required to pay a charge to the extent that the benefit of the local authorities actions to which the charge relates is obtained by those persons as distinct from the community of the local authority as a whole.

# 9. Financial Considerations

There is no financial impact from the discussion or options above.

# **10. Other Considerations**

There are no other considerations.

#### 11. Next Steps

That Council adopts the recommendations which will then allow the consultation plan as follows –

| TASK  | DATE             |
|---|------------------|
| Council approval of Statement of Proposal and Summary of              | 2 March 2016     |
| Information for consultation purposes – <b>see recommendation 3.4</b> |                  |
| Submissions open  | 3 March 2016     |
| Submissions close   | 5pm 8 April 2016 |
| Officer consideration of submissions and report preparation           | 15 April 2016    |
| Hearing of submissions by Hearings Committee                          | To be confirmed  |
| Report to Council   | To be confirmed  |
| Council decision  | To be confirmed  |

# **12.** Supporting Information

Strategic Fit/Strategic Outcome

#### Not Applicable

#### **Decision Making**

Decision making relating to the adoption of fees and charges for these two activities can only be made following use of the special consultative procedure.

#### Consistency with Existing Policy

Not Applicable

#### Funding

Not Applicable

#### **Confirmation of statutory compliance**

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

#### HOROWHENUA DISTRICT COUNCIL FOOD ACT FEES 2016/17

#### 1. **INTRODUCTION**

This Statement of Proposal has been prepared to fulfil the requirements of section 83 of the Local Government Act 2002 (LGA) and section 205(2) of the Food Act 2014 (the Act).

The new Act requires food premises to operate under a Food control Plan and has associated new fee setting requirements for food premises registration, verification and monitoring and compliance activities.

Horowhenua District Council's (Council) functions in relation to the Act's Food Control Plans commence on 1 March 2016, although the fees proposed will not take effect until 1 July 2016.

The Act provides the Council with the ability to fix fees to recover the direct and indirect costs of Council's functions under the Act.

Council is proposing to fix fees to recover these costs.

Prior to fixing fees under the Act, the Council is required to consult on the proposed fees using the special consultative procedure of the LGA 2002.

#### 2. BACKGROUND

The Food Act 2014 (the Act) which received royal assent in June 2014, is coming into force over a transitional period, with the majority of sections not yet in force coming into effect on 1 March 2016. The sections that are scheduled to come into force on that date change the framework within which Council can set fees to recover the costs of registration, verification, compliance and monitoring activities for food premises.

Currently, Council's fees for licensing and related activities for food service premises are set in accordance with the requirements of the Food Hygiene Regulations 1974. Council has to date set these fees annually by resolution with the fees being incorporated into the annual fees and charges document. The Food Act 2014, however, requires that fees must be set using the special consultative procedure of the Local Government Act 2002, for those premises that are subject to this Act.

The new Act requires food premises to operate under a Food Control Plan and has associated new fee setting requirements for food premises registration, verification and monitoring and compliance activities.

Existing food premises operating under the Food Hygiene Regulations 1974 have a three (3) year transitional period (March 2016-March 2019) in which to move to Food Control Plans, but new operations must operate under a Food Control Plan from 1 March 2016. Horowhenua District Council has been proactive since 2008 in assisting food operators to transfer to Food Control Plans under a voluntary implementation programme made available under the Food Act 1981. The Food Act 1981 will be repealed once the Food Act 2014 comes into full force.

#### 2.1 **Council's functions under the Food Act 2014**

The commencement provisions in the Act require Council to be ready to perform the following functions under the Act from 1 March 2016:

Registration

Receiving and processing of applications for registration of food businesses.

Verification

Undertaking verification activities for those premises operating under a Food Control Plan.

<u>Compliance and Monitoring Activities</u>

Undertaking compliance and monitoring activities across the District.

#### 2.2 **The Council's ability to set fees**

Section 205(1) of the Act enables the Council, by resolution, to fix fees to recover the direct and indirect costs of any registration, verification, compliance and monitoring functions performed under the Act after consulting using the special consultative procedure of the LGA.

#### 3. **REASON FOR PROPOSAL**

Council has decided to set fees to recover a portion of the direct and indirect costs of its functions performed under the Act.

Recovering costs in this manner recognises the benefit to the direct user of the service while also recognising the public benefit for the community in relation to the functions performed. This aligns with Council's Revenue and Financing Policy, which identifies that in funding regulatory services functions, the majority of funds should be sourced through fees with a minority funded through general rates.

Council currently charges fees under the Health Act 1956 and the Food Hygiene Regulations 1974 to recover environmental health functions for food premises. Food premises subject to the requirements of the Act have up to three (3) years to transition to the requirements of the Act. Until they transition to the Act, such premises will be subject to the Council's current fees. Fees under the Act will eventually replace the Council's current fees under the transitional period.

#### 4. **PROPOSAL TO SET FEES**

Council proposes the following fee structure to ensure the recovery of a proportion of the direct and indirect costs incurred by Council in performing its functions commencing 1 July 2016.

#### 4.1 Proposed Fees

| Food Business Fees Under the Food Act 2014  |  |  |  |  |  |  |
|---|--|--|--|--|--|--|
| Function  | Fees (incl GST)  | <u>Notes</u>   |  |  |  |  |
| Registering a Food<br>Control Plan that is based<br>on a MPI template                     | \$180.00 fixed fee for up to<br>2 hours processing time,<br>then additional time is<br>charged at \$140.00 per<br>hour | FCP training and<br>resources are provided for<br>free. Processing includes<br>assessing whether the<br>FCP has been tailored<br>correctly and<br>administration |  |  |  |  |
| Registering a business<br>under a national<br>programme                                   | \$140.00 fixed fee for up to<br>1 hours processing time<br>then additional time is<br>charged at \$140.00 per<br>hour  |  |  |  |  |  |
| Renewing the registration<br>of a Food Control Plan<br>that is based on a MPI<br>template | \$140.00 fixed fee   |  |  |  |  |  |
| Renewing the registration<br>of a business operating<br>under a national<br>programme     | \$140.00 fixed fee   |  |  |  |  |  |
| Amendment to registration   | Charged at hourly rate of \$140.00 per hour  |  |  |  |  |  |
| Verification of a Food<br>Control Plan that is based<br>on an MPI template                | \$140.00 fixed fee for up to<br>1 hour then additional<br>time is charged at<br>\$140.00 per hour                      |  |  |  |  |  |
| Verification of a National<br>Programme   | \$70.00 fixed fee (for up to<br>30 minutes then<br>additional time is charged<br>at \$140.00 per hour                  |  |  |  |  |  |
| Compliance and<br>Monitoring  | Charged at hourly rate of \$140.00 per hour  |  |  |  |  |  |
| Charges for travel outside<br>of Horowhenua District                                      | Cost + 20%   | If the verifier is required to<br>travel outside of the<br>Horowhenua District to<br>verify a template Food<br>Control Plan or a National<br>Programme           |  |  |  |  |

#### 4.2 <u>Considerations</u>

Council is required to take into account the criteria in section 198(2) OF THE Act when fixing fees. The following information details the Council's consideration of the criteria in relation to its proposal to fix fees:

(a) EQUITY, in that funding for a particular function, power, or service, or a particular class of function, power, or service, should generally, and to the extent practicable, be sourced from the users or beneficiaries of the relevant

functions, powers, or services at a level commensurate with their use or benefit from the function, power, or service.

The fees proposed recover the cost of registration and verification services from small business in a consistent manner which provides some certainty of compliance costs for the industry while at the same time ensuring that those operators who do not perform well and require registration and compliance follow up, pay directly for those services through hourly rate charging.

(b) EFFICIENCY, in that cost should generally be allocated and recovered in order to ensure that maximum benefits are delivered at minimum cost.

Resources needed to recover cost using fixed fees are simplified and minimised because of the minimal use of invoicing. Invoicing requires extensive administration processes which add cost to the food compliance function, a copy which is invariably recovered from operators. Staff, however, will still record time spent on the function as good business practice.

(c) JUSTIFIABILITY, in that cost should be collected only to meet the actual and reasonable costs (including indirect costs) of the provision or exercise of the relevant function, power, or service.

The fees proposed will recover from operators through fees and charges a portion of the actual and reasonable costs associated with the function.

(d) TRANSPARENCY, in that cost should be identified and allocated as closely as practicable in relation to tangible service provision for the recovery period in which the service is provided.

The fees proposed reflect the actual cost imposed as a result of a statutory requirement on Council by central government to undertake verification and registration services in the food industry and a portion of that cost is recovered directly from that industry.

4.3 <u>Methodology</u>

The Act provides Council with various options for fixing fees. The following information explains the option applied to the proposed fee structure:

- The options used in the proposed fees are a combination of fixed fees or charges and fees or charges based on an hourly rate. This method is in accordance with the options under section 199 (a) and (b) of the Act.
- The options used are consistent with the methodology used by the Ministry of Primary Industries to set fees for its functions under the Act.
- Recognising the varied nature of food operations subject to the Act, the methodology is deemed to be the most reasonable option as it gives customers certainty on how much a service would cost on average through a fixed fee and at the same time provides the ability to recover additional costs as required through an hourly additional rate.

#### 4.4 <u>Compliance with Regulations</u>

Section 205(5)(c) of the Act requires that fixed fees much comply with any regulations made under section 206 of the Act. To date no regulations have been made under this section of the Act that relate to the setting of fees by territorial authorities. Council may have to review its fees in light of any future regulations.

#### 5. HAVE YOUR SAY

- Post to : Proposed Fees & Charges 2016/17 Submission, Horowhenua District Council, Private Bag 4002 Levin 5540;
- Deliver To : Horowhenua District Council, 126 Oxford Street Levin;
- Email to : <u>recordsprocessing@horowhenua.govt.nz;</u>
- Fax to : (06) 366 0983.

Please note that submissions must be received by 5pm on Friday 8 April 2016.

# **Statement of Proposal**

# Planning Fees and Charges for the 2016/17 Year

#### HOROWHENUA DISTRICT COUNCIL PLANNING FEES 2016/17

#### 1. **INTRODUCTION**

This Statement of Proposal has been prepared to fulfil the requirements of section 83 of the Local Government Act 2002 (LGA) and section 36(2) of the Resource Management Act 1991 (the Act).

The Act provides the Council with the ability to fix fees to recover the direct and indirect costs of Council's functions under the Act.

Council is proposing to fix fees to recover these costs.

Prior to fixing fees under the Act, the Council is required to consult on the proposed fees using the special consultative procedure of the LGA 2002.

#### 2. **BACKGROUND**

- (a) Section 36 of the RMA provides for a local authority to fix charges for various planning services in the manner set out in Section 150 of the Local Government Act 2002 after using the special consultative procedure set out in section 83 of that Act.
- (b) Section 36(4) of the RMA sets out the criteria a local authority needs to have regard to when setting fees.
- (c) The proposed fees attached have been developed in accordance with the above requirements.

#### 3. **REASON FOR PROPOSAL**

Council has decided to set fees to recover a portion of the direct and indirect costs of its functions performed under the Act.

Recovering costs in this manner recognises the benefit to the direct user of the service while also recognising the public benefit for the community in relation to the functions performed. This aligns with Council's Revenue and Financing Policy, which identifies that in funding regulatory services functions, the majority of funds should be sourced through fees with a minority funded through general rates.

In fixing fees under section 36 of the RMA a local authority is required to have regard to the requirement that the sole purpose of the charge is to recover reasonable costs incurred by the local authority in respect of the activity to which the charge relates, and a particular person or persons should only be required to pay a charge to the extent that the benefit of the local authorities actions to which the charge relates is obtained by those persons as distinct from the community of the local authority as a whole.

#### 4. **PROPOSAL TO SET FEES**

Council proposes the following fee structure to ensure the recovery of a proportion of the direct and indirect costs incurred by Council in performing its functions commencing 1 July 2016.

#### Schedule of Fees and Charges under the Resource Management Act 1991.

Horowhenua District Council's Planning fees and charges for the financial year 1 July 2015 - 30 June 2016 are provided below.

All fees are stated as GST inclusive and are effective from 1 July 2015. Council reserves the right to review any fees and charges at any time. Please contact Council for any updates.

#### **Costs for Resource Consents and Other Applications**

Horowhenua District Council charges fees for processing of a wide variety of planning related applications processed under the Resource Management Act (RMA) 1991 or Local Government Act (LGA) 2002 as listed below. The fixed charge is a deposit paid up front to enable Council staff to commence the process, actual charges are billed in accordance with time spent by staff on processing the application together with other associated costs.

Any work on applications will only commence on payment of the relevant fixed charge. Upon completion of processing an application the Council will invoice for any additional charges for any costs not covered by the fixed charge. The additional charges are set out below with the fixed charges.

| Planning               | Fixed<br>Charge | Additional<br>Charge per<br>Hour<br>Processing<br>Time | Notes<br>(Please<br>refer<br>below) |          |
|------------------------|-----------------|--|-------------------------------------|----------|
| Land Use Consent       |                 |  |                                     |          |
| Fast Track Consent     | \$480.00        | No   | 1                                   |          |

Applicants may apply for the remission of any charges, and have the right of objection and appeal to any "Additional" charges incurred (S36(6) of the Resource Management Act). Objections shall be heard by the Hearings Committee.

Notes to Fee Schedule:

- 1. Fast Track Consents are consents for controlled or restricted discretionary land use consents with little or no adverse effects at the discretion of the Planning Team.
- 2. Minor land use consent is defined as any non-notified land use application for an activity in any one zone (not being a Fast Track Consent) which is a controlled activity or does not comply with one standard specified in the District Plan and for which the applicant supplies with the application sufficient evidence of consultation with potentially affected persons.

A minor subdivision is a controlled activity subdivision for up to 1 additional lot including a boundary adjustment and not needing land use consent.

Other "land use" or "subdivision" applications are any applications other than a minor application as defined above, made under sections 9 and/or 11 of the RMA.

- 3. Where the Council, in its own discretion, adopts a Private Plan Change no further fee above the fixed charge shall be due.
- 4. Based on a Chair at \$100/hr plus 2 Councillors' at \$80/hr average hearing 6 hours. Plus Administration & Technical Assistance 6 hrs at the prescribed rates.
- 5. Commissioners' costs shall not exceed the equivalent cumulative cost as if a quorum of the Hearings Committee had heard the application. It includes time in pre-hearings, site visits, deliberations and costs for drafting the decision. Commissioner charges in the case of hearings where Council has vested interests are justified on the basis that the applicant is not entitled to a free hearing, but should not have to pay more than would have occurred otherwise. Specialist costs shall include Consultants as appointed by the Council and the costs of legal advice, provided that in the latter instance such costs may be waived in whole or in part at the discretion of the Planning Services Manager and/or the Chief Executive Officer.
- 6. The Council will charge a fixed lodgement fee for objections lodged under Section 357 of the Resource Management Act. There will be no hearing fee although additional charges will be tracked. Where the decision is to uphold the objection in full the fixed lodgement fee will be refunded in full and there will be no additional charges. Where the objection is dismissed or partially upheld then the lodgement fee shall not be contestable and additional charges shall be split equitably where a partial decision is reached according to the opinion of the Chief Executive Officer.
- 7. The submitter(s) pay the actual cost of the application being heard and decided less any charges payable by the applicant for the amount that it is estimated by the Group Manager Customer & Community Services it would cost for the application to be heard and decided if the request has not been made. (Section 36 (1)(ab) of the RMA refers).
- 8. The refundable monitoring fee is to be required for residential relocated buildings (over 40m<sup>2</sup> gross floor area) in the Residential, Rural, Greenbelt Residential and Commercial Zones that comply with the requirements of the Plan as a permitted activity. The refundable monitoring fee will be used by the Horowhenua District Council to cover the costs of monitoring inspections necessary to ensure that the reinstatement required is completed. Should the reinstatement work not be completed within 9 months of the building being delivered to the destination site, the monitoring fee may be used by Horowhenua District Council officers to fulfil the requirements of lodging and processing a resource consent application for the relocated building.

#### Procedure for processing fast track consents:

An application for a fast track consent will need to be made using the standard 'form 9' application form for a resource consent and it must be accompanied by all the usual information (i.e. a certificate of title with any relevant interests, a site plan and elevations, an assessment of

## Council 02 March 2016

environmental effects, photographs of the site, and written approvals of affected persons, if applicable). A fee of \$480.00 must be paid upfront when a fast track application is lodged with the Council.

#### Note:

Should the processing planner become aware of any additional non-compliance with the District Plan, the applicant will be notified that the application will no longer be processed as a fast track consent and the applicant will be informed that additional fees may apply.

# **Policy**

The Horowhenua District Council will utilise the following as policy in the recovery of costs under the Resource Management Act.

- 1. The Council, in accordance with its Revenue and Financing Policy, will recover 60-70% of actual and reasonable costs associated with the consent processing function under the RMA as defined by a schedule of fees and charges approved in the required manner.
- 2. Costs will be recovered through the application of 'fixed' and 'additional' charges to be applied in accordance with a schedule of charges. That schedule will define both 'fixed' charges (a deposit) and 'additional' charges as determined in respect of each type of application defined in the schedule. Where the costs of any application are less or greater than the fixed charge by more than one hours' value the Council will refund or invoice the applicant respectively by an amount equivalent to the difference between the final amount and the fixed charge.
- 3. Fixed charges are refundable where the fixed charges received total less than the actual cost of the activity subject to point 2 above.
- 4. Where requested, an estimate of additional charges will be given as required under the Resource Management Act.
- 5. The Council will not commence (or continue if applicable) processing of any application without the pre-payment of any fixed charge.
- 6. Costs against each application will be recorded for all costs incurred in processing the application and a final account will be drawn up in accordance with the procedures set out below.
- 7. A minimum charge equivalent to one hour's time shall be accrued in respect of any application. This charge shall not be refundable.
- 8. Where additional charges are incurred and are not met, the Council will administer the debt in accordance with normal practice. This may include the use of a debt recovery service.

- 9. Where an application is heard by an independent Commissioner at the request of the applicant, the applicant shall bear the full costs of that Commissioner.
- 10. Where an application is heard by an independent Commissioner at the request of the submitter(s), cost will be allocated in accordance with the procedure described under Note 7 of the Fee Schedule.
- 11. Objections to additional charges will be heard by the Hearings Committee where not resolved by Officers under delegated authority to remit such charges.
- 12. Administrative charges are payable regardless of the outcome of the application.
- 13. Where an application is for both subdivision and land use consent, the subdivision "fixed" fee shall apply.

#### 5. HAVE YOUR SAY

- Post to : Proposed Fees & Charges 2016/17 Submission, Horowhenua District Council, Private Bag 4002 Levin 5540;
- Deliver To : Horowhenua District Council, 126 Oxford Street Levin;
- Email to : <u>recordsprocessing@horowhenua.govt.nz;</u>
- Fax to : (06) 366 0983.

Please note that submissions must be received by 5pm on Friday 8 April 2016.

#### SUMMARY OF INFORMATION

#### HOROWHENUA DISTRICT COUNCIL PROPOSED FEES AND CHARGES 2016/17 FOOD ACT 2014, FOOD PREMISES and PLANNING SERVICES

#### Proposal

To set a range of fees to apply in the Horowhenua District for 2016/17, commencing 1 July 2016, in respect of:

- Food Premises that are subject to the Food Act 2014;
- Planning Services, Resource Management Act 1991.

#### Summary of Information

Council is required to consult when setting these fees using the Special Consultative Procedure as laid out in the Local Government Act 2002.

#### Food Premises Fees

The Food Act 2014, section 205(1) enables the Council by resolution, to fix fees to recover direct and indirect costs of any registration, verification, compliance and monitoring functions performed under the Act, after using the Special Consultative Procedure of the LGA. A new scale of fees is proposed.

#### Planning Services Fees

The Resource Management Act 1991, section 36, requires use of the Special Consultative Procedure. No change in fees from that which currently applies is proposed.

A copy of the proposed Fees & Charges 2016/17 can be viewed at Council's Services Centres: Clyde Street, Foxton; Plimmer Terrace, Shannon; 126 Oxford Street, Levin; or Te Takere, Bath Street, Levin; or on Council's website: www.horowhenua.govt.nz. Telephone enquiries can be made to Council's Customer Service Centre on (06) 366 0999. Submissions close at 5pm on Friday 8 April 2016.

# **Amendment to Food Premises Grading Policy 2015**

# 1. Purpose

To propose amendments to Council's Food Premises Grading Policy 2015 as a result of changes to legislation.

# 2. Executive Summary

- 2.1 The above policy was adopted by Council on 7 October 2015 following the revocation of the Food Hygiene Bylaw.
- 2.2 As further clarification around the Food Act 2014 and the Regulations to same have been implemented, there is a need for minor amendments to be made to this Policy.

# 3. Recommendation

- 3.1 That Report 16/34 Amendment to Food Premises Grading Policy 2015 be received.
- 3.2 That this decision is recognised as not significant in terms of S76 of the Local Government Act 2002.
- 3.3 That the amendments as proposed to the Food Premises Grading Policy 2015 as described in clause 5 and shown as tracked changes in **Attachment A**, be adopted.

# 4. Background / Previous Council Decisions

The Horowhenua District Food Premises Grading Policy 2015 was adopted by Council at the meeting of 7 October 2015 – Report 15/570.

# 5. Discussion

In summary the following changes are proposed to the current policy and these are shown as tracked changes to the policy that is attached as **Attachment A**:

- (a) Clause 4.1( c) draw reference to the regulations and relevant section of the Food Act 2014.
- (b) Clause 4.1(d) minor rewording but also clarification that this policy does not include businesses that are not inspected or verified by Council.
- (c) Clause 6.2 replace the current chart, clarifying the 'weighting' identification.
- (d) First Schedule, page 4 change date to read 2015 and change the table in respect of 5. Weighting which clarifies the 'weighting' identification and then the resultant wording.

# 6. Options

There are two (2) option being to either resolve the proposed changes or not. The preferred option is that the proposed changes to the policy are resolved which in turn reflects an accurate Council document and facilitates the delivery of effective Food Gradings.

#### 6.1 **Cost**

There are no costs associated with this matter other normal operational ones.

#### 6.1.1 Rate Impact

There will be no rate impacts arising.

#### 6.2 Community Wellbeing

There is no effect on Community Wellbeing matters associated with the proposed amendments to this policy.

#### 6.3 Consenting Issues

There are no consents required or consenting issues arising.

#### 6.4 LTP Integration

There is no LTP programme related to the options or proposals in this report and there are no special consultative processes required.

#### 7. Consultation

There was no consultation required to be undertaken.

## 8. Legal Considerations

There are no legal requirements or statutory obligations affecting options or proposals.

## 9. Financial Considerations

There is no financial impact.

#### 10. Other Considerations

There are no other considerations – this matter is to ensure that we have an accurate document.

## 11. Next Steps

In the event the recommendations are adopted the Food Premises Grading Policy 2015 will be updated, the updated policy made available on our website, and gradings of food premises conducted in accordance with the updated policy.

## HOROWHENUA DISTRICT COUNCIL

#### FOOD PREMISES GRADING POLICY 2015

#### 1. INTRODUCTION

1.1 The Food Premises Grading Policy is an operational policy that has been prepared to fill the gap left by the revocation of the Food Hygiene Bylaw 2004. The Bylaw was revoked because it was not reviewed within the statutory timeframe, pending changes to the legislation governing food safety.

#### 2. PURPOSE

- 2.1 Food grading is a useful public education tool, providing a means for the community to easily see whether a food premises has met the necessary food safety requirements. Displaying a food grading also encourages businesses to improve food safety standards in order to achieve a higher grading or avoid a low grading.
- 2.2 The purpose of the Food Premises Grading Policy is to support Council's role in monitoring and enforcing legislation and regulations governing food premises. The policy facilitates the process of inspecting and auditing food premises for the purposes of determining the grade for that premises, and establishes the methodology for calculating the food grading.

#### 3. COMMENCEMENT

3.1 This Policy shall come into force on 8 October 2015.

#### 4. DEFINITIONS AND INTERPRETATION

- 4.1. In this Policy, unless the context otherwise requires:
  - (a) District means the District of Horowhenua.
  - (b) Authorised officer means an Environmental Health Officer appointed by the Horowhenua District Council under the authority of the Health Act 1956 or any other Act, to inspect food premises, and carry out the requirements including the application of this policy.
  - (c) Food has the same meaning as "food" as defined in Section 2 of the Food Act 1981 or <u>Section 9 of the Food Act 2014</u> (or any statute or regulations which replaces this legislation the Food Act 1981).
  - (d) Food Premises has the same meaning as Food Premises in Regulation 2 of the Food Hygiene Regulations 1974 and Food Business in Section 10 of the Food Act 2014 (or any statue or regulations which replace the Food Hygiene Regulations 1974this legislation), but shall not include occasional food premises as defined in that Regulationthe Food Hygiene Regulations 1974, or or food businesses that are not inspected or verified by Councilpremises with an approved Exemption under the Food Act 1981 from the Food Hygiene Regulations 1974 (or in any statute or regulations which replace this legislation). Food premises also includes Mobile Food Shops and Itinerant Traders handling food, and Taverns which sell meals/food for consumption on the premises.

Formatted: Font: 11 pt

Formatted: Font: 11 pt

-2-

- (e) Grade and Grading means the grade resulting from an inspection of the Food Premises, by an authorised Officer, assessed according to the system described in clause 6.0 of this policy.
- (f) Food Handler means any person employed in or on any food premises that at any time may be involved in the manufacture, preparation or packing of food for sale.
- (g) Occupier shall mean the owner of the food premises or any person or persons occupying the premises and includes any supervisor, food handler, manager or agent acting or apparently acting in the general management or control of the food premises.

#### 5. RECOMMENDED TRAINING FOR FOOD HANDLERS

- 5.1 Council recommends that the occupier of every food premises ensures that all new, temporary or replacement staff who are food handlers, are trained to handle food in accordance with best industry practice.
- 5.2 It is recommended that every food premises shall have at least one person, (employed on the premises), being the manager, owner or employed in a supervisory or staff training capacity, who is the holder of an advanced food safety qualification and that all other food handlers are the holders of a basic food-handling qualification.

#### 6.0 FOOD PREMISES GRADING SCHEME

- 6.1 The Horowhenua District Council grades premises as either 'A', 'B' or 'U' grade as defined according to the system described in clause 6.2.
- 6.2 Grades are calculated and defined as follows in accordance with the First Schedule to this policy.

| <u>Grade</u> | Weighting             | Total Score       |
|--------------|-----------------------|-------------------|
| A            | FCP                   | 17-20 points      |
| B            | FCP                   | 10-16 points      |
| <u>U</u>     | FCP                   | <u>6-9 points</u> |
| A            | NP3                   | 14-20 points      |
| B            | NP3                   | 8-13 points       |
| U            | NP3                   | 6-7 points        |
| A            | <u>NP2</u>            | 12-20 points      |
| B            | NP2                   | 6-11 points       |
| U            | NP2                   | 4-5 points        |
| A            | <u>NP1</u>            | 4-20 points       |
|              |                       |                   |
| Grade        | Weighting             | Total Score       |

#### 7. APPEALS

Any occupier of food premises in respect of which any decision or requirement has been made by an Authorised Officer under this policy may appeal to the Council against that decision or requirement. On hearing the appeal, the Council may confirm, reverse, or modify the decision or requirement made by the Authorised Officer. This right of appeal is in addition to any other statutory right made available to the occupier.

File No.: 16/81

# **Shared Pathways Strategy**

## 1. Purpose

The purpose of this report is to inform Council of the Shared Pathways Strategy for discussion and recommend adoption.

# 2. Executive Summary

The Shared Pathways Strategy has been developed to provide the strategic framework for a shared pathways trail network linking the District's major communities. The trails would negotiate areas of high amenity value, including coastal reserves, rivers, mountains and lakes.

## 3. Recommendation

- 3.1 That Report 16/81 Shared Pathways Strategy be received.
- 3.2 That this decision is recognised as not significant in terms of S76 of the Local Government Act.
- 3.3 That the Shared Pathways Strategy be adopted.

# 4. Background / Previous Council Decisions

- 4.1 During the 2015-2025 Long Term Plan consultation period there were numerous submissions made in support of Council assessing the opportunities to partner with various organisations and deliver an active transport strategy.
- 4.2 At the Council Meeting dated: 26/05/2015 Agenda Item No. 10.4 Council adopted the following recommendations:

*"THAT Council Officers assess the resource required to deliver an active transport (cycleway and walkway) strategy within, and across the Horowhenua District."* 

"THAT Council Officers assess the opportunity to partner with other statutory, voluntary, and private stakeholder organisations in delivering an integrated cycleway and walkway strategy."

4.3 As a result, a Shared Pathways Strategy has been developed in partnership with the Horowhenua Cycleways Committee which includes stakeholder groups. In addition Council Officers now actively contribute to the Horowhenua Cycleways Committee.

# 5. Discussion

- 5.1 The Shared Pathways Strategy will provide the foundation to build on existing recreational pathway infrastructure to promote, encourage, enhance and support; economic development and growth for Horowhenua District, enhance and support recreational opportunities, encourage connected communities, embrace environmental and cultural values, and aim to improve safety for cyclists.
- 5.2 The primary objectives of the shared pathways network are, but are not limited to; developing a sub-regional network, linking Horowhenua communities, linking and enhancing

existing and future shared pathway networks, providing recreational opportunities for local residents and visitors, celebrate and enhance the natural environment and cultural heritage, promoting active lifestyles and healthy communities, encourage public access to our coasts, rivers, lakes and mountains, deliver economic benefits by providing a range of opportunities and provide a safe cycling and walking experience.

5.3 Consultation on the Shared Pathways Strategy has occurred with various stakeholders through various forms. Landcorp, DOC, Horizons and NZ Police have all been involved in the Horowhenua Cycleways Committee as mentioned in section 4. Therefore consultation has occurred on a frequent basis and all three parties are supportive of the document. There is also on-going consultation occurring with Iwi, with initial discussions showing positive support. Dialogue with all stakeholders will remain high as all will continue to have an input as further projects are identified.

# 6. Options

There are no other options, the only option is to adopt the recommendations.

#### 6.1 **Cost**

There are no costs associated with this matter.

#### 6.1.1 Rate Impact

There will be no further impact on rates to what has been indicated in the 2015-2025 Long Term Plan.

It is recommended that Council considers allocating budget toward Shared Pathways in future Long Term Plans.

#### 6.2 **Community Wellbeing**

- 6.2.1 Horowhenua District Council's five Community Outcomes reflect Council's goals and aspirations for its community. The Shared Pathways Strategy contributes to:
  - A healthy local economy and district that is growing
  - A sustainable environment
  - A community of knowledge, culture and diversity where people are proud to live
  - Safe, resilient and healthy communities
  - Positive leadership and effective partnerships.
- 6.2.2 The Community Wellbeing Strategy and five Community Wellbeing Action Plans detail the way Council will work within Community Wellbeing. The Shared Pathways Strategy links to the four overarching goals of the Community Wellbeing Strategy which are:
  - A Proud Community
  - A Connected Community
  - A Safer Community
  - A Healthy Community.

#### 6.3 Consenting Issues

There are no Consents required or consenting issues arising.

#### 6.4 LTP Integration

There is no LTP programme related to the options or proposals in this report. There are no Special Consultative Processes required.

## 7. Consultation

There was no consultation required to be undertaken.

# 8. Legal Considerations

There are no Legal Requirements or Statutory Obligations affecting options or proposals.

# 9. Financial Considerations

There is no financial impact.

# **10.** Other Considerations

There are no other considerations.

# 11. Next Steps

In the event the recommendations are adopted, Council Officers will assess opportunities for additional shared pathway projects by way of Shared Pathways Action Plan.

#### Confirmation of statutory compliance

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

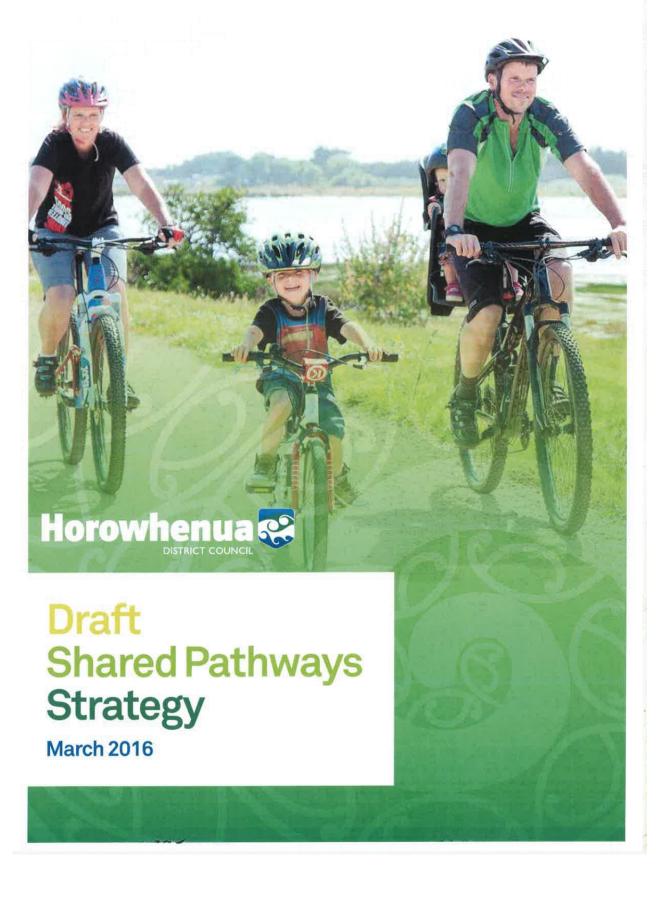

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.

# 12. Appendices

|-------------|--|----------|

# **Purpose**

The Horowhenua District Council (HDC) has produced this Shared Pathways Strategy to provide the strategic framework for a shared pathways trail network linking the District's major communities.

The trail would negotiate areas of high amenity value, including coastal reserves, rivers, mountains and lakes.

The purpose of this strategy is to:

- · Establish the strategic direction for a cycle trail network
- Provide for the development of an integrated Horowhenua Shared Pathways network
- Support future funding proposals for network development and expansion
- Seek support and endorsement from New Zealand Cycle Trail for Inclusion as a potential expansion to the 'great Rides' network.

This Strategy will:

- Inform each Council's policy and strategy documents -Including the Long Term Plan and District Plan
- Be used as a Master Plan to develop long-term partnerships with government organisations and funding agencies such as Trusts, community organisations and other interested parties.

# Monitor and review strategy process

Monitoring and review of the strategy is required to ensure that the mission and objectives are incorporated in the implementation of the strategy.

We will:

- · Review and revise the Strategy annually (twelve monthly)
- As part of any review, ensure revisions reflect policy and strategy updates and amendments.

2

Shared Pathways Strategy

# Communications and leadership

Ongoing collaborative advocacy at governance and operational level is essential.

We will:

- Consult and engage as required recognise that many actions naturally require collaboration with many other players
- Communicate strategy development and report on progress to Council, stakeholders and the wider community.

#### Key Stakeholders and Users

Key Stakeholders for implementing the Strategy include:

- Horowhenua District Council
- Horizons Regional Council
- Department of Conservation
- Iwi and hapu
- Affected private landowners
- NZ Transport Agency
- Landcorp
- Kiwirail
- Dept of Corrections
- NZTA
- NZ Police
- NZ Fish and Game

Support is also anticipated from local community groups, schools, clubs and Trusts.

This Strategy acknowledges local lwi and Hapu and the strong cultural history of the District.

Key Users include:

- Local communities
- Recreational users including cyclists, walkers and joggers
- Cycle Tourists
- Business operators

# **Mission**

To develop new or improve current shared pathways, cycle trails and adventure trail experiences in the Horowhenua District, that build on existing recreational cycling infrastructure to promote, encourage, enhance and support:

- Economic development and growth for Horowhenua
   District
- Recreational opportunities
- Connected communities
- Environmental and cultural values
- Improved safety for cyclists.

#### Primary Objectives of the Cycle Trail Network

#### Network

- Develop a sub-regional network
- Link Horowhenua communities
- Link Horowhenua with neighbouring Districts
- Provide community connections
- Link and enhance existing and future trail networks
- Investigate opportunities to enhance the cycle trail network and link to 'Great Rides'
- Meet NZCT standards.

#### Recreation and Environmental

- Provide recreational opportunities for local residents and visitors
- Celebrate and enhance the natural environment
- Celebrate cultural heritage
- Promote an active lifestyle and the health and well-being of our communities
- Encourage public access to coast, rivers, lakes and mountains.

#### Economic Development

- Deliver economic benefits by providing a range of opportunities
- Identify, support and promote local business opportunities
- Work collaboratively to achieve collective branding and marketing of a Cycle Trail network
- Attract national and international visitors
- Introduce value to local communities.

#### Safety

- Provide a safe cycling and walking experience for the entire community.
- Provide off-road connections between communities.
- Improve the current cycling and walking environment/ infrastructure.

Shared Pathways Strategy

# Background

Nga Haerenga – The New Zealand Cycle Trail (NZCT) was launched as an economic development initiative by the NZ Government in 2009, co-funded with local Councils and charitable trusts.

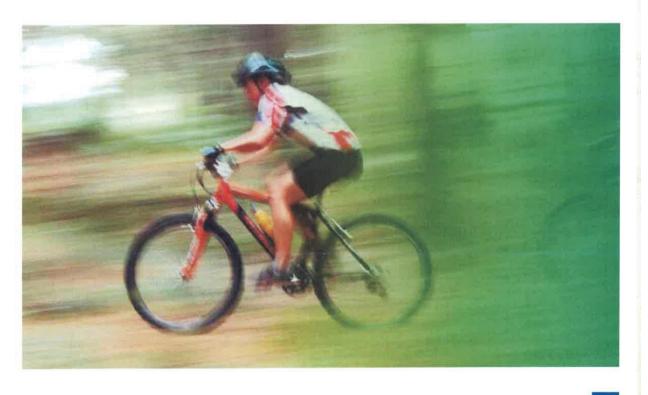

The intention was that predominantly off-road trails would showcase the environment, landscape, heritage and culture of New Zealand, while generating economic, social and environmental benefits for communities.

Over the past three years, through contributions from local authorities and the National Land Transport Programme (NLTP), around \$80 million of investment has been provided for dedicated walking and cycling facilities throughout New Zealand. Additionally, approximately \$80 million of further investment has delivered significant cycling benefits including cycle lanes on new roads, road safety initiatives, wider shoulders and improved marking on local roads.

The partner agencies undertake to investigate and develop an integrated network of shared pathways in Horowhenua for the benefits of economic development, recreational activity, environmental enhancements and improved network safety.

No independent advice to-date has been sought,

Horowhenua District Council 5

#### Strategic Context

#### Horowhenua District Council

Horowhenua District Council has many strategic documents and plans, including Council's 2015-2025 Long Term Plan (LT P), which provide for the exploration of cycle and walkways as part of the recreation and transport networks.

#### Horizons Regional Council

Horizons Regional Council is supported by the objectives of the Regional Land Transport Plan, which identifies Cycling (and walking) as being able to contribute to positive economic and public health outcomes within the Horizons region.

#### Department of Conservation

The Department of Conservation (DOC) recognises the social, economic and conservation gains which can accrue from well-developed cycling facilities and associated services. The Department does not anticipate owning further assets to support cycling but is supportive of, and looks forward to working constructively with, shared pathway developments by third parties, including those on Public Conservation Land.

#### Land Transportation - Government Policy Statement

The national Government Policy Statement on Land Transport (GPS) outlines the government strategy that will guide investment in land transport over the next ten years. The GPS sets out a series of priorities, objectives and longterm results; which it hopes to achieve through investment in the land transport network. It is anticipated that investment which assists in delivering the Horowhenua Shared Pathways strategy will fit within the guidance provided by GPS, by delivering on the following priorities, objectives and desired long term results.

| Priority                | Objective   | Results  | Ноw   |
|-------------------------|---|--|---|
| Economic                | A land transport system<br>that provides appropriate<br>transport choices   | Provide appropriate travel choices,<br>particularly for people with limited<br>access to a private vehicle | Providing a facility that enables<br>cycling and walking tourists to<br>travel where they choose.   |
| growth and productivity |   | Increased safe cycling and walking<br>through improvement of shared<br>pathway networks                    | Encourage cycling and walking<br>by providing an improved shared<br>pathways network  |
| A<br>Road Safety        | A safer land transport<br>system that is increasingly<br>free of death and serious<br>injury accidents involving<br>cyclists. | Reduction in deaths and serious injuries.  | Removing conflicts between<br>cyclists and trucks by providing<br>alternative low or no traffic routes<br>for cyclists  |
|                         | A land transport system that<br>mitigates the effects of land<br>transport on the environment                                 | Mitigation of adverse environmental<br>effects   | Reduction in motor vehicle<br>kilometres travelled, encouraging<br>long term mode shift to cycling and<br>walking, reducing the impact of<br>transport infrastructure |

6 Shared Pathways Strategy

# Key backbone trail opportunities

This strategy supports the development of shared pathway opportunities that will form an integrated network through Horowhenua, with the option of further links to neighbouring districts.

These identified projects will provide a starting point for the network. Many other shared pathway opportunities exist within the District that will build on the proposed network of shared pathway options.

#### **Kimberley Reserve**

Currently an undeveloped dirt pathway through a section of the Kimberley reserve bush. This strategy proposes to widen, stabilise and extend the length of the path to allow for a shared pathway. This Pathway has been identified as a family grade track and can be enjoyed by cyclists and walkers alike. This track has the potential to become a self-contained circuit and to connect to the wider network of shared pathways. It will act as a conduit to encourage community involvement in restoration work within the native bush remnants.

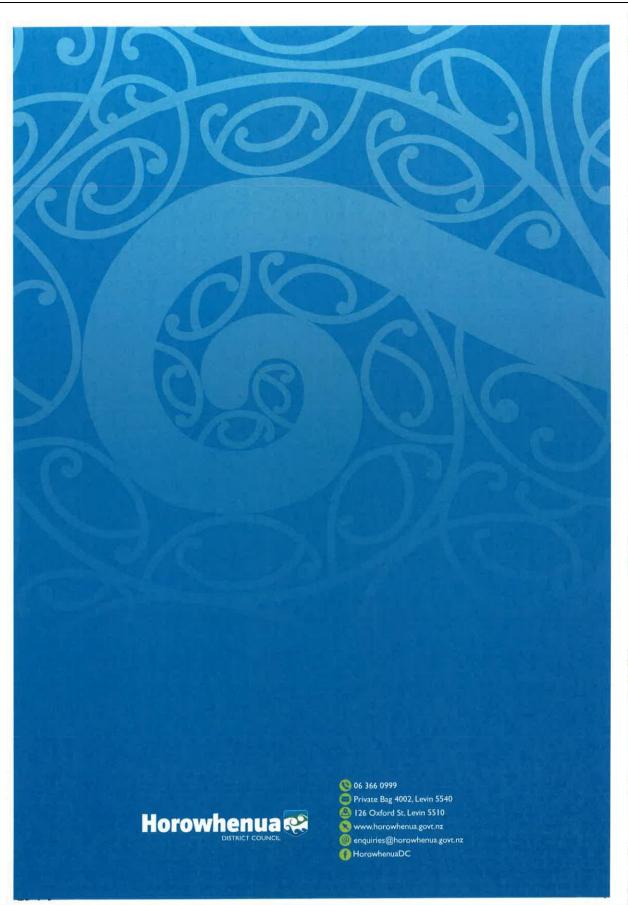

#### **Piriharakeke Track**

This is currently an easy 3.7 km community built walk way between the Foxton recycling centre on Purcell Street, and SH1. It goes along the stopbank with styles. This strategy proposes to widen and stabilise the start of the current path (not including the stopbank section) to allow for a shared pathway. This track has the potential to become a fully self-contained circuit and to connect to the wider network of shared pathways in the area. Part 4

Horowhenua District Council

# Planning Services Matters Considered Under Delegated Authority

File No.: 16/31

# 1. Purpose

To present details of decisions made under delegated authority in respect of Planning Services Matters.

## 2. Recommendation

- 2.1 That Report 16/31 Planning Services Matters Considered Under Delegated Authority be received.
- 2.2 That this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.
- 2.3 That the matters decided under delegated authority (s104 of the Resource Management Act) as listed, be received:

# All <u>Subdivision</u> Resource Consents Granted Under Delegated Authority 21/01/16 to 19/02/16

| Granted Date | File Ref      | Subdivider | Address                                    |
|--------------|---------------|------------|--|
| 11 Feb 15    | 502/2016/3713 | , , ,      | 32 Tame Porati Street, Manakau<br>Township |

# All Land Use Resource Consents Granted Under Delegated Authority 21/01/16 to 19/02/16

| Granted Date | File Ref      | Applicant                               | Address                                |
|--------------|---------------|---|--|
| 22 Jan 16    | 501/2015/3674 | Ohau Wines Limited                      | 6 Bishops Road, Levin Rural            |
| 26 Jan 16    |               | Ash Boyd Glass and<br>Aluminium Ltd     | 14 Forbes Road, Foxton Beach           |
| 17 Feb 16    | 501/2015/3603 | D P C Thirza & Wesley Miller-<br>Tonkin | 4 Purcell Street, Foxton/Himatangi     |
| 19 Feb 16    | 501/2015/3706 |   | 51A Hydrabad Drive, Waitarere<br>Beach |

# 3. Issues for Consideration

That the Subdivision and Land Use Resource Consents, as listed, be received.

# Attachments

There are no attachments for this report.

#### **Confirmation of statutory compliance**

In accordance with section 76 of the Local Government Act 2002, this report is approved as:

- a. containing sufficient information about the options and their benefits and costs, bearing in mind the significance of the decisions; and,
- b. is based on adequate knowledge about, and adequate consideration of, the views and preferences of affected and interested parties bearing in mind the significance of the decision.
